SOAP 
Society for Obstetric
Anesthesia and Perinatology

Presents:

The SOAP 44th Annual Meeting

*“Obstetric Anesthesia
in an Evidence-Based
Environment”*

May 2-5, 2012 • Hyatt Regency Monterey Resort and Spa • Monterey, California

Jointly Sponsored by:

American Society of
Anesthesiologists 

The CME meeting is jointly sponsored by the American Society of Anesthesiologists (ASA).
This activity has been approved for AMA PRA Category 1 Credits™.

Come to the Annual Meeting in Monterey, California!

Dear Friends,

On behalf of the SOAP Program Committee, we are pleased to extend to you an invitation to attend SOAP's 44th Annual Meeting in Monterey, California, May 2-5, 2012. This year's meeting will be a mixture of old favorites and new offerings, and all will combine to make this an informative and exciting conference giving maximal value for your time. We are truly thrilled about this program and believe you will agree with us when you come that this is the best meeting presented to date.

Continuing the tradition of pre-meeting workshop offerings, two workshops are planned for Wednesday, May 2. The two workshops will be the Ultrasound Workshop so ably coordinated by Jose Carvalho in past years and a High-Risk Obstetric Crisis Simulation Workshop offered by Steve Lipman with his team from Stanford. Each workshop will be offered twice on Wednesday; once in the morning and once in the afternoon to allow for attendance at both. A new session called Clinical Concepts will also be introduced. This symposium is designed to present a concentrated, evidence-based discussion of a key clinical topic. The inaugural topic will be "Coagulopathy: Nuts and Bolts to Cutting Edge" and will be moderated by Phil Hess. This will be offered on Wednesday afternoon. All sessions will involve innovative technology as part of the instruction so please consider arriving on Tuesday to take advantage of these offerings.

The theme for this year's Annual Meeting is "Obstetric Anesthesia in an Evidence-Based Environment". Several sessions will incorporate the EBM theme starting with the special GM/FAER lecture given by Dr. Gordon Guyatt on Thursday morning. Dr. Guyatt is one of the innovative founders of the concept of "Evidence-Based Medicine" and will discuss why it is relevant to the practice of obstetric anesthesia. Other theme-based sessions will be a pro-con debate titled "Patient Outcomes are Better with Protocol-Driven Care" featuring Robin Russell and Scott Segal, and a breakfast session demonstrating the use of evidence-based medicine principles to clinical scenarios with Pam Angle, an experienced instructor in the practical application of evidence-based concepts. Additionally, a clinical forum will focus on evidence-based management concepts and specialty-specific concerns surrounding postpartum hemorrhage from three experts. Maurice Druzin will present the obstetrician's viewpoint, Tim Goodnough, the hematologist and blood bank director's position, and Andrea Fuller, the anesthesiologist's perspective. Favorite SOAP sessions will include the Gertie Marx competition, poster and oral research presentations, a session covering the best cases of the year, and the OB research seminar. The "What's New" lectures and Fred Hehre presentation will be given by the following distinguished speakers: Ray Powrie (What's New in Obstetric Medicine; Update 2012), Julian "Bill" Parer (What's New in Obstetrics;

Evolving Consensus on Standardization of FHR Pattern Management), Gordon Lyons (Fred Hehre Lecture: A Critical Examination of Regional Technique), and Alexander Butwick (Gerard W. Ostheimer Lecture). We will introduce an optional poster walk-around session during our Thursday afternoon break with Richard Smiley, and are very honored to present the Distinguished Service Award to Dr. Gerald Bassell.

The meeting also includes an exciting social program featuring a welcome reception, a sunrise yoga session, the annual celebratory banquet at the renowned Monterey Bay Aquarium, a sensational series of tours (whale watching, wine tasting, and Big Sur Coastline tour) for those coming with you, and the ever-popular free afternoon for sight seeing, shopping, exercising, relaxing, or a round of golf on one of those famed Pebble Beach courses. Two more changes to the format will include having the annual business meeting during the lunch session on Thursday and the award presentations on Saturday during the general session. The meeting will conclude with an onsite wine tasting for those not needing to rush off on Saturday evening.

Mark your calendars now as this is a SOAP meeting you do not want to miss! More detailed information is available on the website, in the newsletter and in e-blasts that will be going out over the next few months.

We can't wait to see you in gorgeous Monterey, California this spring!

Sincerely,

McCallum R. Hoyt, M.D., M.B.A.
SOAP President-Elect and Program Committee Chair

Dennis C. Shay, M.D.
SOAP 2012 Meeting Host

Program Information

Program Overview

The purpose of the Society is to provide a forum for discussion of medical problems unique to the peripartum period and to promote excellence in medical care, research and education in anesthesia, obstetrics, obstetric medicine and neonatology.

Accreditation and Designation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The AMA Credit Statement

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology designates this live activity for a maximum of 20.25 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Target Audience

The SOAP 44th Annual Meeting is intended for anesthesiologists, obstetricians, neonatologists, obstetric medicine specialists, maternal-fetal medicine specialists, residents, fellows and medical students. The Society supports the attendance by associate members in the educational sessions of the annual meeting. The program is generated from member requests and an assessment of need by the Program Committee. Attendance at this meeting does not guarantee competency or proficiency in the performance of any procedures which may be discussed or taught during the course.

Mission of SOAP Program Committee

The mission of the Society's Program Committee is to provide anesthesiologists, obstetricians, and other physicians and members of related allied health specialties with the knowledge that will reinforce past learning as well as disseminate new concepts, practices, and skills involving anesthesia and analgesia for the pregnant woman.

Participation in the SOAP 44th Annual Meeting

Attendance shall be open to all health practitioners, provided that they have registered for the meeting. CME credit will only be offered to M.D.s, D.O.s or equivalent. A completed Physician Verification of Attendance form must be turned in to SOAP at the conclusion of the meeting. The form will be available on-site.

Use of Ultrasound in Obstetric Anesthesia: Spinals and Epidurals, Vascular Access and TAP Blocks Workshop

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology designates this live activity for a maximum of 4 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

High Risk Obstetric Crisis Simulation Workshop

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology designates this live activity for a maximum of 4 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Clinical Concepts - "Nuts and Bolts to Cutting Edge: A Seminar on Coagulopathy"

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology designates this live activity for a maximum of 3.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Evidence Based Practice Breakfast

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology designates this live activity for a maximum of 1.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Educational Format

CME activities may include the following formats: plenary sessions, debates, lectures, poster discussions, oral abstracts, problem-based learning, and skill-set workshops.

Special Needs Statement

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology are committed to making its activities accessible to all individuals and fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If you are in need of an accommodation, please do not hesitate to call the SOAP office at (847) 825-6472 and/or submit a description of your needs in writing to soap@asahq.org.

Commercial Support Acknowledgement

This CME activity is supported by educational grants. A complete list of supporters will be published in the course syllabus.

Disclosure

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology adhere to ACCME Essential Areas, Standards, and Policies regarding industry support of continuing medical education. Disclosure of the Planning Committee and faculty's commercial relationships will be made known at the activity. Speakers are required to openly disclose any limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations.

Resolution of Conflicts of Interest

In accordance with the ACCME Standards for Commercial Support of CME, the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology will implement mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

Program Objectives

Use of Ultrasound in Obstetric Anesthesia: Spinals and Epidurals, Vascular Access, and TAP Blocks

Workshop (limited to 36 per session)

At the end of this session, participants will be able to:

- Describe the physics and basic application of ultrasound.
- Utilize ultrasound to assist placement of neuraxial blocks.
- Acquire techniques to facilitate the placement of central line intravascular and arterial line.
- Practice and visualize the placement of blocks through hands-on demonstrations.

High Risk Obstetric Crisis Simulation

Workshop (limited to 40 per session)

At the end of this session, participants will be able to:

- Be familiar with several modes of obstetric simulation.
- Be able to discuss the rationale for interventions utilized in stat General Endotracheal Anesthesia for emergency cesarean.
- be able to describe current approaches for Airway Management in the parturient in high risk situations.
- be able to list causes of and interventions for Maternal Arrest (Cognitive, Technical, Behavioral).

Clinical Concepts: “Nuts and Bolts to Cutting Edge: A Seminar on Coagulopathy”

At the end of this session, participants will be able to:

- Describe the changes in coagulation that occur during pregnancy and identify the common abnormalities
- Describe the cause of obstetric hemorrhage and the treatments of coagulopathy during hemorrhage
- Interpret tests of coagulation and apply the results to clinical scenarios
- State the recommendations and guidelines of major national and international organizations
- Discuss the current research in the topic of coagulopathy in pregnancy

Fred Hehre Lecture: “A Critical Examination of Regional Technique”

At the end of this session, participants will be able to:

- Understand that opportunities for errors with regional blockade abound.
- Consider that failure to adopt comprehensive asepsis may carry a penalty.
- Understand that a code is needed to identify clear solutions on a tray.
- Understand that avoidable drug errors can have catastrophic effects.
- Consider safer approaches to practical techniques.

Gertie Marx Research Competition

At the end of the session, participants will:

- Recognize the most recent and best peer reviewed obstetric anesthesia research abstracts from around the world (presentation in this session will be by fellows). This is a judged competition.

Gertie Marx/FAER Education Lecture: “Why Bother with Evidence-Based Obstetrical Anesthesia”

At the end of this session, participants will be able to:

- Understand the fundamental principles of evidence-based medicine.
- Consider how these principles might be applied in obstetrical anesthesia.

Clinical Forum: “Post-Partum Hemorrhage Management – Perspectives from Three Disciplines”

At the end of this session, participants will be able to:

- Understand the principles of ordering blood products for parturients.
- Demonstrate the usefulness of massive transfusion protocols during PPH.
- Better understand and evaluate the obstetrical issues contributing to a PPH.
- Outline the surgical techniques employed to manage PPH.
- Discuss the anesthesiologist’s role in planning for and managing obstetrical hemorrhage.
- Review the risk of human error in blood transfusion practice.

What’s New in Obstetrics: “Evolving Consensus on Standardization of FHR Pattern Management”

At the end of this session, participants will be able to:

- Understand current consensus on FHR nomenclature and interpretation.
- Explore why there remain differences in recommendations for FHR pattern management.
- Present evidence for effectiveness for various published approaches to FHR management.

What’s New in Obstetric Medicine: “Update in Obstetric Anesthesia Medicine in 2012”

At the end of these sessions, participants will be able to:

- Understand the challenges in diagnosis and treatment of Sepsis in pregnancy.
- Explore a broad perspective on present thinking about the use of antidepressants in pregnancy.
- Be able to comment on the present recommendations (and their pitfalls) related to Thromboprophylaxis in pregnancy.

Pro-Con Debate: “Patient Outcomes Are Better with Protocol-Driven Care”

At the end of the session, participants will:

- Understand the importance of evidence-based medicine.
- Recognize the value and limitations of protocols and guidelines.
- Question if all protocols and guidelines are evidence-based.
- Appreciate the importance of physician experience and clinical acumen.
- Be aware of the heterogeneity of the obstetric population.
- Appreciate that protocols and guidelines may not be appropriate in certain cases and clinical situations.
- Differentiate protocol-driven care from the absence of clinician decision-making.
- Understand the benefits of protocol-driven care in diverse medical settings.
- Describe optimal areas of benefits from protocol driven care in obstetric anesthesia.

Evidence-Based Practice Breakfast

(limited to 20)

After attending this problem based learning session, participants will be able to:

- Understand what an “Evidence Cycle” is and illustrate its use in answering a clinical question.
- Describe what a “PICOTT” is.
- Describe and use the concepts of “Relative Risk”, “Relative Risk Reduction”, and “Number Needed to Treat” as they apply to estimates of treatment effect.

Gerald W. Ostheimer Lecture

At the end of this session, participants will be able to:

- Evaluate the level of evidence for new preventative and therapeutic strategies in the vast field of obstetric anesthesia, maternal fetal medicine, perinatology, obstetric medicine, pediatrics, epidemiology and affiliated specialties.
- Describe and apply state of the art obstetric analgesia and anesthesia.
- Identify novel concepts in areas of research relevant to understanding and management of pregnancy related disorders, neonatal outcomes, and obstetric anesthesia.

Obstetric Anesthesiology Research: “What’s the Future”

At the end of the session, participants will:

- Summarize recent data on the mechanisms of labor pain, chronic pain after childbirth, spinal anesthesia-induced hypotension, and simulation in obstetrics.
- Formulate ideas for future research in mechanisms of labor pain, chronic pain after childbirth, spinal anesthesia-induced hypotension, and simulation in obstetrics.

Program Objectives (cont.)

Best Case Reports Session

At the end of this session, participants will be able to:

- Organize anesthetic plans to treat a variety of complex and rare diseases and obstetric anesthetic complications.

Poster Reviews

At the end of these sessions, participants will be able to:

- Identify recent advances in obstetrics, obstetric anesthesia, and obstetric medicine research.

Best Paper Presentations

At the end of this session, participants will be able to:

- Identify the most recent and best peer reviewed research in obstetrics, obstetric anesthesia, and perinatology. (Presentations in this session will be by attending anesthesiologists). This is a judged competition.

Oral Presentation Sessions

At the end of these sessions, participants will be able to:

- Identify the most recent peer reviewed research in obstetrics, obstetric anesthesia, and perinatology presented by the researchers.

Hotel Information

The Hyatt Regency Monterey Hotel and Spa on Del Monte Golf Course is the official headquarters for the SOAP 44th Annual Meeting.

Hyatt Regency Monterey Resort and Spa on Del Monte Golf Course

1 Old Golf Course Road ♦ Monterey, California, 93940
Phone: 1 (831) 372-1234 ♦ Fax: 1 (831) 375-3960

Transcend the ordinary at Hyatt Regency Monterey Hotel & Spa on Del Monte Golf Course. Multi-million dollar renovations elevate Monterey's largest luxury conference hotel to a new plateau of excellence. A spacious new lobby invites relaxation with a soothing fireplace and cozy seating areas - perfect for conversations or listening to live jazz.

Room Rate: \$249 single/double with applicable California sales tax. This rate will be offered for arrivals up to three days prior to the meeting and for departure up to three days after the meeting, based on availability. Reservations must be made by Monday, April 9th by 5:00 p.m. to receive the discounted rate. For online reservations go to: https://resweb.passkey.com/Resweb.do?mode=welcome_ei_new&eventID=5394429.

Parking

Complimentary outdoor resort parking is available to all guests.

Transportation by Air

Monterey offers three airport options: Monterey Peninsula Airport (MRY), San Jose International Airport (SJC) and San Francisco International Airport (SFO). The Monterey Peninsula Airport is located just a few miles from the Hyatt Regency Monterey Hotel and Spa. This airport is small, servicing only 3 major carriers: United, US Air and American.

Ground Transportation

We strongly encourage attendees who fly into San Jose or San Francisco to consider car rental as a means of transportation to the hotel. For those who prefer not to drive, SOAP has made special arrangements with Monterey Airbus, a shuttle service that offers discounted rates from the San Jose and San Francisco airports directly to the Hyatt Regency Monterey. Reservations must be secured at least 24 hours in advance. No reservations will be taken the day of the service. To secure your reservation, please visit the SOAP website at www.soap.org

Shuttle (to/from airports)

One-way:	\$55 San Francisco	\$45 San Jose
Roundtrip:	\$99 San Francisco	\$81 San Jose

Rail

Finally, for those who prefer to travel by train, please visit www.amtrak.com to reserve your ticket and experience breathtaking views of the Pacific coastal route along the way. Amtrak's "Coast Starlight" stops in Monterey, with daily departures from Seattle, Los Angeles and many other cities in between.

Optional Tours and Excursions

You must register on the registration form for these tours. Please note that if minimum numbers for tours are not met by March 31, 2012, the tour may be cancelled and tour registrants will be notified of cancellation. Please visit the SOAP website, www.soap.org for more information.

Tour #1: Monterey Bay Whale Watching Cruise - Thursday, May 3, 2012

\$100/person

Departs the Hyatt Regency Monterey at 12:30 p.m.

Returns approximately 4:30 p.m.

20 person minimum

Cut-off date (for registrations/minimum determination): March 31, 2012

Imagine setting sail aboard the Princess Monterey for a three hour cruise on the beautiful California coastline. The Monterey Bay National Marine Sanctuary (MBNMS) is a Federally protected marine area offshore of California's central coast. Stretching from Marin to Cambria, the sanctuary encompasses a shoreline length of 276 miles, and 5,322 square miles of ocean, extending an average distance of 30 miles from shore. Humpback whales arrive in the spring and remain through the fall. Monterey Bay is abundant with all kinds of life from sea otters and sea lions to dolphins and pelicans. The area also offers a fascinating mixture of active tectonic plates, dynamic ocean currents, and coastal scenery that is unsurpassed. This truly is the experience of a lifetime.

Includes:

- Admission tickets for a three hour cruise on the Princess Monterey
- Dramatic views of the Humpback Whales and sea life
- Exclusive round-trip transportation

Notes:

- Dress in a sweater or jacket as wind and temperatures may be cooler aboard the ship.
- If the weather is inclement and the Captain determines that sail poses a safety risk, the cruise will be cancelled and admission tickets for the three hour cruise refunded.
- Please note that if minimums are not met, the cruise may need to be cancelled. If this were to happen, registrants would be notified as soon as possible.

Tour # 2: Carmel Valley/Monterey County Wine Tour - Friday, May 4, 2012

\$125/person

Departs the Hyatt Regency Monterey at 10:00 a.m.

Returns approximately 2:00 p.m.

20 person minimum

Cut-off date (for registrations/minimum determination): March 31, 2012

Monterey County now has more vineyard acres planted than Napa County, which means more Monterey County wines to try. Sample the award winning wines of the Central Coast and visit the tasting rooms of Chateau Julien, Boekennoogen and Talbott. Another interesting aspect of this tour is the introduction to the agricultural industry of the area, as well as the wine industry. You enjoy the fruits of the vineyards while the tour guide does the driving.

Notes:

- Tour includes some walking, comfortable shoes are recommended
- Wine tasting is included, having a snack before the tour is recommended
- Please note that if minimums are not met, the tour and tasting may need to be cancelled. If this were to happen, registrants would be notified as soon as possible.

Includes:

- Tour and tasting at Chateau Julien Wine Estate
- Tour and tasting at Boekennoogen Winer
- Tour and tasting at Talbott Vineyards
- Exclusive round-trip transportation and bottled water

Tour #3: Big Sur Coastline Tour - Saturday, May 5, 2012

\$90/person

Departs the Hyatt Regency Monterey at 9:00 a.m.

Returns approximately 1:30 p.m.

20 person minimum

Cut-off date (for registrations/minimum determination): March 31, 2012

Attendees will be awestruck by some of the most spectacular ocean views in the world as you travel along California's wildly beautiful Big Sur coastline. Colorful and informative commentary by a professional tour guide begins the moment attendees depart from the hotel. You'll travel down the renowned Big Sur coast enjoying dramatic land and sea vistas along the way. World famous California Highway 1, meanders through the coastal shrub and chaparral of the Santa Lucia Mountains and over one of the most photographed structures in the world – the elegant and graceful Bixby Bridge. You will discover why the Big Sur area has been and continues to be home and inspiration to renowned Ansel Adams, Edward Weston and Robinson Jeffers. Breathtaking scenery includes

ancient redwood groves and a wide variety of California wildlife, including the ever-popular sea otter. Visitors to the Big Sur coast describe being changed by its rustic beauty and the splendor of this special place.

Includes:

- Full scenic and narrated tour of the Big Sur Coastline
- Stops along the way to get at 360 degree view and take photographs
- Exclusive round-trip transportation, snack bags, and bottled water

Notes:

- Tour includes some walking, comfortable shoes are recommended
- Dress in a sweater as it may be breezy during the stops.
- Photo opportunity does not include cameras so bring your camera, video cam, or cell phone.
- Please note that if minimums are not met, the tour may need to be cancelled. If this were to happen, registrants would be notified as soon as possible.

Optional Tours and Excursions

Hatha Yoga

Saturday, May 5, 2012

6:00 a.m. – 7:00 a.m. on the Tennis Courts

Let's all take a step toward our wellness California-style by participating in Hatha Yoga. This vinyasa flow yoga class focuses on coordinating breath with movement, increasing flexibility and strength, and focusing the mind. You will receive instruction on

alignment, energetic actions, and modifications to prevent injury. Hands on adjustments and verbal prompts are used as a way to help you achieve your optimum workout. Attend this fun event for all. Register for this free activity on the SOAP Annual Meeting Registration Form.

Onsite Activities at the Hyatt Regency Monterey

(Contact the hotel concierge for more information and to make arrangements. These are not SOAP sponsored or scheduled activities)

Del Monte Golf Course

Experience a golfer's paradise at Hyatt Regency Monterey Hotel & Spa on Del Monte Golf Course. The unique location adjacent to the renowned Pebble Beach Company's Del Monte Golf Course gives guests unrivaled access to this storied course. Ranked by Golf Digest as a top five among courses in America over 100 years old, Del Monte is a favorite of both professional and amateur players of all skill levels. Its famous small, well-protected greens and narrow, tree lined fairways have been home to the California State Amateur Championship, The Callaway Golf Pebble Beach Invitational, The Wal-Mart First Tee Open, The Monterey Open and many other professional events throughout its acclaimed history.

Whether you play on a regular basis or are new to the game, this exceptional Monterey golf hotel offers a memorable experience for everyone who ventures onto the much-heralded links. Take advantage of all this world-class facility offers, including:

- 18 holes of par 72, championship golf
- Preferred tee times up to 90 days out, for Hyatt guests
- Del Monte Pro Shop – featuring a complete line of genuine Pebble Beach signature apparel, merchandise and equipment
- Special retail discounts for Hyatt guests
- Pebble Beach Golf Academy – offering private and group lessons for players of all levels
- Custom Club Fittings by Callaway Golf

Swimming

Enjoy some relaxing time under the California sky in the heated outdoor pools at the Hyatt Regency. The hotel offers guests a choice of two pools for fun in the sun. Swim laps, play a game of water basketball or volleyball with your kids, or curl up with a book in the comfortable lounge chairs. Soothe away your cares with a soak in our two hot tubs, the perfect spot to be after a day of meetings.

Accista Spa

Drawing inspiration from the surrounding vibrant natural landscape, local history, and biological rhythms of the changing seasons, the leading Monterey spa, Accista, presents a warm, restful ambiance and indigenously-inspired treatments that successfully capture the essence of our resort-like Monterey spa.

Taken from the Ohlone's name for their home of Monterey, Accista Spa draws insight from the seasonal continuum of nature and the native people's respect for the seasonal rhythm of harvest, rest, renewal, and abundance. Gathering from the sea, shore, meadows, mountains and oak groves of California, Accista Spa combines innovative Monterey-inspired treatment techniques and effective natural ingredients and essential oils, such as organic seaweed, Pacific sea salt, acorn, artichoke, fennel, cypress and juniper to create a series of highly-effective spa treatments.

Monterey's colors, seasons, and natural beauty are the foundation of the Monterey day spa, with the overall design drawing immediate connection between indoors and outdoors. Featured throughout this 12,000 square-foot oasis, elements of metal, wood, stone, and glass overlap and work off one another, providing comparative and complimentary warm colors, natural textures, and bright sunlight. Panoramic windows bring the outdoors in, while graceful lines and recessed ceilings create spaciousness.

McIntyre Winery Tasting Studio

The McIntyre Winery Tasting Studio is located in the Lobby of the Hyatt Regency. McIntyre Vineyards is a family run Monterey County winery known for carefully crafted Pinot Noir, Chardonnay, Merlot and Sparkling wines from the famed Santa Lucia Highlands. Wine tasting is available daily according to posted hours. Also for sale are select artisanal gifts from local artists as well as sundries, snacks and beverages.

Hyatt Regency Fitness Center

Take in views of the beautiful outdoors at our 2,000 square foot StayFit™ fitness center. Open 24 hours a day and located adjacent to our resort-like Northern California retreat as well as one of our outdoor swimming pools, our fitness center is designed to work with your schedule and personal fitness style. A full range of modern Life Fitness equipment at our Monterey California spa retreat allows you to get in a complete workout of your choice including:

- Treadmills
- Elliptical machines
- Exercise cycles
- Free weights
- Weight stations
- Exercise mats
- Resistance bands and balls

The Hyatt staff can assist you in acquiring other equipment you may need including exercise wear, swim goggles, and more. **We can also supply you with detailed maps of running and walking trails in the Monterey area.**

For those who choose to work out in the privacy of their spacious guestroom, the Hyatt offers YogaAway™. This innovative system allows you to order a complete yoga workout from your in-room entertainment unit. A variety of programs are available including fitness, stress reduction, and mental focus.

Optional Tours and Excursions

Additional Social Activity Opportunities

(to be scheduled on your own; these are not SOAP sponsored or scheduled activities)

Cannery Row

(2 mile driving distance from the hotel)

Cannery Row is the most popular vacation destination on California's Central Coast. It was once the center for an industrial sardine-packing operation immortalized by John Steinbeck. His novel Cannery Row spotlights the legendary lane during its industrial heyday, but the street's true story begins long before canneries lined the former Ocean View Avenue. From Native American, Asian and European settlement, through the boom and bust of the whaling and sardine industries, to structural and economic despair followed by restoration and re-development, the tale of Cannery Row – so renamed by Monterey officials 13 years after the release of Steinbeck's novel – continues to fascinate guests. Here, past and present alike influence the architecture, cuisine and attractions as Cannery Row continues to celebrate the unshakable spirit on which it was founded. This historic waterfront district on Monterey Bay has the best attractions, restaurants, shopping and nightlife in Monterey.

Pebble Beach Golf Links

(Onsite and driving distance from the Hyatt Regency)

There are few golf thrills like teeing-up for the first time on Pebble Beach Golf Links. You sense the presence of golf's biggest legends. You anticipate each and every storied hole while recounting some of the greatest moments in golf history. Since 1919, the exquisite beauty and unique challenge of Pebble Beach Golf Links have thrilled golfers and spectators alike. The other courses of Pebble Beach include Spyglass Hill, the Links at Spanish Bay, Del Monte Golf Course at the Hyatt Regency, and the Peter Hay 9-hole Par 3. The courses hug the rugged coastline, providing wide-open vistas, cliffside fairways and sloping greens.

Come dine at many fine restaurants. Come play on the fabled golf courses. Come enjoy the truly spectacular corner of the world. Become part of the legend that is Pebble Beach.

Presidio of Monterey

Museum

Explore Monterey's military history from the Spanish Empire to the present day. The Presidio of Monterey Museum exhibits lead visitors through Monterey's various stages of military development from the indigenous period which highlights the area's native populations; through the Spanish and Mexican periods; and up to present day. Because of the important role of the military in Monterey between 1902 and today, the majority of the museum is dedicated to the development of the Presidio as a training base.

Monterey Bay Aquarium

(Only a 2 mile drive from the hotel in Cannery Row)

Ranked one of the nation's top family attractions, Monterey's aquarium draws nearly two million visitors a year. On the border of one of the largest underwater canyons on earth (wider and deeper than the Grand Canyon), it's surrounded by incredibly diverse marine life. One of the world's best and largest exhibit aquariums, it's home to more than 350,000 marine animals and plants, and about 550 species. A three-story, 335,000-gallon tank with clear acrylic walls offers stunning views of leopard sharks, sardines, anchovies, and other creatures swimming through a towering kelp forest. The 1.2-million-gallon Outer Bay tank houses open-ocean life, including yellow fin tuna, barracuda, sharks, and schools of bonito. The Giant Octopus exhibit is also amazing. Splash Zone (designed for kids up to 9) runs daily programs and displays of black-footed penguins, invertebrates, and other inhabitants of coral reefs and the cooler waters of Northern California. Everyone falls in love with the sea otters playing in their two-story exhibit. There are also coastal streams, tidal pools, a sand beach, and a petting pool, where you can touch living bat rays and handle sea stars.

Fisherman's Wharf

(3 mile driving distance from the hotel)

Like its counterpart in San Francisco, this wooden pier is crammed with crafts and gift shops, boating and fishing operations, fish markets, and seafood restaurants. But if you cast your view toward Monterey's stupendous view, with bobbing boats and sea lions, you might not notice the hordes of tourists. Grab some clam chowder in a sourdough bowl and find a seaside perch on the pier, or a bay front seat at a seafood restaurant. Seafaring tour boats depart regularly from Fisherman's Wharf.

Parks & Beaches

The City of Monterey has some of the most beautiful and diverse parks and beaches in the world. From sandy or rocky shores, wetlands, pine forests to unique playgrounds, Monterey's open spaces provide a wealth of recreation and leisure activities. Many of Monterey's 35 parks feature barbecue grills, sports fields, playground equipment and other amenities. Whether you want to surf, camp, dive, sail, hike, kayak or bike, the parks and beaches will provide fun and incredible scenery for the entire family.

Use of Ultrasound in Obstetric Anesthesia: Spinals and Epidurals, Vascular Access, and TAP Blocks Workshop

(2 session offerings, limited to 36 per session)

Course Director: Jose C.A. Carvalho, M.D., Ph.D., FANZCA, FRCP(C)

We are delighted to have the opportunity to offer this workshop on ultrasound applications tailored to the obstetric anesthesiologist. Ultrasound has redefined the way we practice regional anesthesia today and has been used for peripheral vascular access, assessment of bladder and stomach contents, fascial blocks, and even airway assessment. The untapped potential of ultrasound in the hands of the obstetric anesthesiologist is phenomenal, and we are just starting to explore it. The ultrasound 'tool kit' is here to stay, so clinicians need to adopt this technology in order to make the best use of it. So... embrace the technique, train your eyes and fine tune your hand-eye coordination. We hope that by the end of this workshop you will have gained the necessary information and enough hands-on experience to continue on your own.

High Risk Obstetric Crisis Simulation Workshop

(2 session offerings, limited to 40 per session)

Co-course Directors: Steven S. Lipman, M.D. and Gillian Hilton, MB ChB, FRCA

This workshop will use the rare, critical event of maternal cardio-pulmonary arrest as a platform for an immersive, simulation-based educational opportunity. Obstetricians and labor & delivery nurses from Lucile Packard Children's Hospital at Stanford, along with participating anesthesiologists registered for the workshop, will be grouped into multidisciplinary teams for the scenarios. Learning objectives will encompass the cognitive, technical, and behavioral skill-sets required of obstetric staff during such an event, as well as emphasize current approaches for airway management and other interventions in high risk obstetric scenarios such as stat general anesthesia for caesarean section.

Clinical Concepts: "Nuts and Bolts to Cutting Edge: A Seminar on Coagulopathy"

Course Director: Philip E. Hess, M.D.

'What platelet count?' One of the common problems facing clinicians is the parturient with a coagulation abnormality, ranging from the decision on regional anesthesia to treating a major hemorrhage. This seminar will focus on this important issue, and go beyond the simple question raised above. We will present a comprehensive review of coagulation, the anesthetic implications of coagulopathy and hemorrhage, and also present new measures of coagulation. We will describe and interactively discuss the most recent expert guidelines and practices at major centers. The seminar has been designed to not only answer practical questions for the clinician, but also to reach for the cutting edge in research. Investigators who might be interested in the subject are very welcome.

Program Schedule

Wednesday, May 2, 2012

- 7:00 a.m. - 6:30 p.m. Registration Hours
- 7:00 a.m. - 12:00 p.m. SOAP Board of Director's Meeting
- 8:00 a.m. - 12:00 p.m. Use of Ultrasound in Obstetric Anesthesia: Spinals and Epidurals, Vascular Access, and TAP Blocks Workshop
Course Director: Jose C.A. Carvalho, M.D., Ph.D., FANZCA, FRCP(C)
- High Risk Obstetric Crisis Simulation Workshop
Co-course Directors: Steven S. Lipman, M.D. and Gillian Hilton, MB ChB, FRCA
- 12:00 p.m. - 1:00 p.m. Lunch on own
- 1:00 p.m. - 5:00 p.m. Use of Ultrasound in Obstetric Anesthesia: Spinals and Epidurals, Vascular Access, and TAP Blocks Workshop
Course Director: Jose C.A. Carvalho, M.D., Ph.D., FANZCA, FRCP(C)
- High Risk Obstetric Crisis Simulation Workshop
Co-course Directors: Steven S. Lipman, M.D. and Gillian Hilton, MB ChB, FRCA
- 1:00 p.m. - 4:30 p.m. Clinical Concepts: "Nuts and Bolts to Cutting Edge: A Seminar on Coagulopathy"
Course Director: Philip E. Hess, M.D.
- 6:00 p.m. - 8:00 p.m. Welcome Reception with Wine Tasting and Light Food Pairings
-

Thursday, May 3, 2012

- 6:00 a.m. - 6:00 p.m. Registration Hours
- 6:30 a.m. - 7:30 a.m. Continental Breakfast, Exhibits, and Poster Viewing
- 7:30 a.m. - 7:45 a.m. Welcome to the 44th Annual Meeting
- 7:45 a.m. - 9:15 a.m. Gertie Marx Research Competition
Moderator: Alan C. Santos, M.D., M.P.H.
- 9:15 a.m. - 9:30 a.m. Distinguished Service Award
Presenter: David J. Birnbach, M.D., M.P.H.
Recipient: Gerard M. Bassell, M.D.
- 9:30 a.m. - 10:15 a.m. Coffee Break, Exhibits and Poster Viewing
- 10:15 a.m. - 11:15 a.m. Gertie Marx/FAER Education Lecture
"Why Bother with Evidence-Based Obstetrical Anesthesia"
Speaker: Gordon Guyatt, M.D., B.Sc., M.Sc., FRCP(C)
Introduced by: McCallum R. Hoyt, M.D., M.B.A.
- 11:15 a.m. - 12:15 p.m. Poster Session #1
Moderators: Brenda A. Bucklin, M.D. and Katherine W. Arendt, M.D.
- 12:15 p.m. - 2:00 p.m. SOAP Business Meeting & Election; Box Lunch
- 2:00 p.m. - 3:30 p.m. Oral Presentations #1
Moderator: Vilma E. Ortiz, M.D.
- 3:30 p.m. - 4:15 p.m. Coffee Break, Exhibits and Poster Viewing
Special Poster Session Walk-Around (Optional)
Moderator: Richard M. Smiley, M.D., Ph.D.
- 4:15 p.m. - 5:30 p.m. Obstetric Anesthesiology Research: "What's the Future?"
Moderator: Cynthia A. Wong, M.D.
- 6:00 p.m. - 7:00 p.m. Fellows Reception (By Invitation)
- 6:00 p.m. - 9:00 p.m. Resident Dinner and Breakout Sessions (By Invitation)
Program Director: Paloma Toledo, M.D., M.P.H.
Program Speaker: Arvind Palinisamy, M.D., MBBA

SOAP appreciates the support of its exhibitors. Please meet with the exhibitors during the times listed below.

Wednesday, May 2, 2012

5:00 - 6:00 p.m. Exhibits Open
6:00 - 8:00 p.m. Welcome Reception, Wine Tasting and Food Pairings

Thursday, May 3, 2012

6:30 - 7:30 a.m. Breakfast with Exhibitors
9:15 - 10:15 a.m. Break with Exhibitors
3:30 - 4:15 p.m. Break with Exhibitors

Friday, May 4, 2012

6:30 - 7:30 a.m. Breakfast with Exhibitors
9:30 - 10:15 a.m. Break with Exhibitors

Welcome Reception

Wine Tasting and Food Pairings

Wednesday, May 2, 2012, 6:00 p.m. - 8:00 p.m.

Reunite with old friends and make new ones at the Welcome Reception. Whether you are merely pairing wines with specific cheeses, or doing a vertical or horizontal tasting, you and your friends are sure to notice the nuances in both red wines and white wines. The Annual Meeting exhibitors may staff the wine tasting tables.

Hatha Yoga

*Saturday, May 5, 2012, 6:00 a.m. - 7:00 a.m.
On the Tennis Courts*

Let's all take a step toward our wellness California-style by participating in Hatha Yoga. This vinyasa flow yoga class focuses on coordinating breath with movement, increasing flexibility and strength, and focusing the mind. You will receive instruction on alignment, energetic actions, and modifications to prevent injury. Hands on adjustments and verbal prompts are used as a way to help you achieve your optimum workout. Attend this fun event for all. Register for this free activity on the SOAP Annual Meeting Registration Form.

Program Schedule

Friday, May 4, 2012

6:00 a.m. - 1:00 p.m. Registration Hours
6:00 a.m. - 7:30 a.m. Evidence-Based Practice Breakfast
Course Director: Pamela J. Angle, M.D., FRCP(C), M.Sc.
6:30 a.m. - 7:30 a.m. Breakfast, Exhibits, and Poster Viewing
7:30 a.m. - 8:30 a.m. Pro-Con Debate
"Patient Outcomes Are Better with Protocol-Driven Care"
Moderator: Barbara M. Scavone, M.D.
Pro: Scott Segal, M.D., MHCM
Con: Robin Russell, M.D., FRCA
8:30 a.m. - 9:30 a.m. What's New in Obstetric Medicine: "Update in Obstetric Medicine 2012"
Speaker: Raymond Powrie, M.D., FRCP(C), FACP
Introduced by: William R. Camann, M.D.
9:30 a.m. - 10:15 a.m. Coffee Break, Exhibits, and Poster Viewing
10:15 a.m. - 11:45 a.m. Best Paper
Moderator: Kenneth E. Nelson, M.D.
11:45 a.m. - 12:45 p.m. Fred Hehre Lecture
"A Critical Examination of Regional Technique"
Speaker: Gordon Lyons, MB ChB, FRCA, M.D.
Introduced by: Maya S. Suresh, M.D.
12:45 p.m. Open Afternoon
6:00 p.m.-10:30 p.m. SOAP Banquet at the Monterey Bay Aquarium

Saturday, May 5, 2012

6:00 a.m. - 7:00 a.m. Hatha Yoga Session
6:30 a.m. - 7:30 a.m. Continental Breakfast
7:30 a.m. - 9:00 a.m. Clinical Forum: "Post-Partum Hemorrhage Management - Perspectives from Three Disciplines"
Moderator: Brendan Carvalho, MB ChB, FRCA, MDCH
Hematology - Lawrence T. Goodnough, M.D.
Obstetrics - Maurice Druzin, M.D.
Anesthesiology - Andrea J. Fuller, M.D.
9:00 a.m. - 10:00 a.m. Poster Session #2
Moderators: Ashley M. Tonidandel, M.D., M.S. and Pamela Flood, M.D.
10:00 a.m. - 10:15 a.m. Awards Presentation
