WELCOME TO THE 2010 SOL SHNIDER, M.D. OBSTETRIC ANESTHESIA ANNUAL MEETING!

The Sol Shnider, M.D. Obstetric Anesthesia Annual Meeting is intended for specialists in anesthesiology to include anesthesiologists, nurse anesthetists, residents and fellows. Pediatricians, neonatologists, perinatologists, obstetricians, general practitioners, delivery room nurses, nurse midwives and clinical pharmacologists may also find educational benefit.

The Sol Shnider Meeting started in 1976 and has been extremely successful over the years with a solid history of 450 to over 500 registrants. It is highly regarded as one of the very best obstetric anesthesia CME update and review courses. The last meeting in 2007 was attended by over 500 anesthesiologists, nurse anesthetists and other healthcare professionals who are interested in this specialized field.

The commercial exhibits are very popular and provide an excellent opportunity for clinicians to see new products, equipment, books, etc. in a casual setting. The areas reserved for commercial exhibits are immediately adjacent to the conference room, permitting a natural flow of attendees into the exhibit area during the meeting and refreshment breaks.
