2017 Sol Shnider, M.D.
Obstetric Anesthesia Meeting

The premier review meeting for clinical obstetric anesthesia, established in 1976

March 2-5, 2017
Grand Hyatt Hotel on Union Square
San Francisco, California

Jointly provided by American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology

Register online at www.soap.org
Welcome to the SOAP 2017 Sol Shnider, M.D. Obstetric Anesthesia Meeting

Welcome to the Sol Shnider, M.D. Obstetric Anesthesia Meeting. About 40 years ago, Sol Shnider, M.D., Samuel C. Hughes, M.D., and Mark A. Rosen, M.D., offered the first annual obstetric anesthesia meeting in San Francisco to honor Dr. Shnider and his important contributions to obstetric anesthesia. The Society for Obstetric Anesthesia and Perinatology is proud to continue this annual tradition in providing clinical updates in obstetric anesthesia by leaders in the specialty. The pre-meeting workshop offers the opportunity to learn ultrasound for the care of the pregnant patient. This meeting will enlighten your obstetric anesthesia clinical practice by providing new insight and knowledge and there will be ample time for you to ask questions and address concerns with faculty during the conference. The planning committee is delighted to offer you this outstanding and engaging learning opportunity.

Sincerely,

Manuel Vallejo, M.D., D.M.D.
SOAP Immediate Past President and Program Chair

Hotel Accommodations

A block of rooms has been reserved at the Grand Hyatt San Francisco, 345 Stockton Street, San Francisco, California, 94108. Room rate is $284 single/double occupancy plus tax. These rates are limited, so reserve your room early by visiting: https://aws.passkey.com/go/cssc or by calling 1(888) 421-1442. Please mention the SOAP 2017 Sol Shnider, M.D. Obstetric Anesthesia Meeting when making your reservations.

The deadline to book your hotel reservations is February 8, 2017. After this deadline, rooms will be provided on a space available basis only.

This AAA Four Diamond hotel offers spectacular views of the city skyline and San Francisco Bay. Revel in modern guestrooms and suites that highlight residential style amenities and state-of-the-art technology.

Located in the heart of the world-renowned Union Square, the city’s shopping and entertainment area and minutes away from the downtown financial district, Grand Hyatt San Francisco is the ideal starting point to discover the captivating sights of the vibrant City by the Bay. Learn more about the hotel at www.grandsanfrancisco.hyatt.com.
Learning Objectives

At the conclusion of this learning activity, the participant will be able to:

- Determine how new venous thromboembolism (VTE) bundles will influence the use of anticoagulation before and after delivery
- Recognize sonoanatomy of the lumbar spine and list potential advantages and indications for ultrasound-guided neuraxial blocks
- Summarize the advantages, disadvantages, and indications in the paramedian lumbar epidural technique
- Identify key variables of Programmed Intermittent Epidural Bolus (PIEB) technology that are improvements over Patient Controlled Epidural Analgesia (PCEA)
- List the etiologies of the most common serious obstetric anesthesia complications and identify strategies that can reduce the incidence of severe morbidity and maternal mortality
- Effectively manage a parturient with Zika Virus infection and develop a plan for any parturient with hepatitis viral infection
- Effectively manage a neonate requiring resuscitation
- Explain the difference between a Person-based and a System-based approach in medical error reduction
- Identify the most important publications from 2015 that impact anesthetic care of the parturient
- Discuss the implications of pregnancy and labor on the more severe maternal congenital cardiac lesions and identify strategies for risk assessment
- Identify the implications of pregnancy on the Fontan circulation
- Discuss how pregnancy and platelet transfusions contribute to HLA alloimmunization
- Describe specific components and implementation of a multidisciplinary Enhanced Recovery After Surgery (ERAS) pathway in obstetric anesthesia
- Explain the rationale behind the development of protocols in response to obstetric hemorrhage
- Discuss ways to promote a healthy working environment

Exhibits Information

Exhibits will be open during the following times:

Friday, March 3, 2017:
- 6:30 – 7:30 a.m.
- 9:15 – 10:00 a.m.
- 2:45 – 3:30 p.m.

Saturday, March 4, 2016:
- 6:30 – 7:30 a.m.
- 9:15 – 10:00 a.m.
- 2:45 – 3:30 p.m.
Mission of SOAP
The mission of this Society is to improve the pregnancy-related outcomes of women and neonates through the support of obstetric anesthesiology research, the provision of education to its members, other providers, and pregnant women, and the promotion of excellence in clinical anesthetic care.

ACCME Accreditation
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 17.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of The American Board of Anesthesiology®

This patient safety activity helps fulfill the patient safety CME requirement for Part II of the Maintenance of Certification in Anesthesiology Program (MOCA) of The American Board of Anesthesiology (ABA). Please consult the ABA website, www.theABA.org, for a list of all MOCA requirements.

AANA Credits (Program offering Friday through Sunday)
This program has been approved by the American Association of Nurse Anesthetists for 17.50 Class A CE credits; Code Number: 1034112; Expiration Date: 3/5/17.

Hands-on Ultrasound for the Obstetric Anesthesia Provider: Cardiac Ultrasound, Hemodynamic Exam, Pulmonary Evaluation, Ultrasound Guided TAP Blocks & Neuraxial Techniques and Basic Fetal Ultrasound
This workshop has been approved by the American Association of Nurse Anesthetists for 4.00 Class A CE credits; Code Number: 1034115; Expiration Date: 3/2/16.

The American Society of Anesthesiologists designates this live activity for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Target Audience
This meeting is intended for specialists in anesthesiology to include anesthesiologists, nurse anesthetists, residents and fellows. Pediatricians, neonatologists, perinatologists, obstetricians, general practitioners, delivery room nurses, nurse midwives, and clinical pharmacologists may also find educational benefit. The program is generated from member requests and an assessment of need by the program committee. Attendance at this meeting does not guarantee competency or proficiency in the performance of any procedures which may be discussed or taught during the meeting.

Educational Format
CME activities may include the following formats: plenary sessions, debates, lectures, problem-based learning, and skill-set workshops.

Mission of SOAP Program Committee
The mission of the Society’s Program Committee is to provide anesthesiologists, obstetricians, and other physicians and members of related allied health specialties with the knowledge that will reinforce past learning as well as disseminate new concepts, practices, and skills involving anesthesia and analgesia for the pregnant woman.

Participation in the SOAP 2017 Sol Shinder, M.D. Obstetric Anesthesia Meeting
Attendance shall be open to all health practitioners, provided that they have registered for the meeting. CME credit will only be offered to M.D.s, D.O.s, and AAs or the equivalent. CE credit will be offered to CRNAs.

Evaluations
Electronic evaluations by questionnaire will address program content, presentations, and possible bias.

Special Needs Statement
The Society for Obstetric Anesthesia and Perinatology is committed to making its activities accessible to all individuals and fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If you are in need of an accommodation, please do not hesitate to call the SOAP office at 414-389-8611 and/or submit a description of your needs in writing to soap.org.

Statement of Need
The SOAP Sol Shinder, M.D. Obstetric Anesthesia Meeting provides a forum devoted exclusively to obstetric anesthesia at which leaders in the field present recent clinical updates and other relevant clinical information.

Commercial Support Acknowledgement
This CME activity is supported by educational grants. A complete list of supporters will be available in the course syllabus.

Disclosure
The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the American Society of Anesthesiologists to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all American Society of Anesthesiologists CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.

Disclaimer
The information provided at this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.
Thursday, March 2, 2017

SOAP is offering the Hands-on Ultrasound for the Obstetric Anesthesia Provider: Cardiac Ultrasound, Hemodynamic Exam, Pulmonary Evaluation, Ultrasound Guided TAP Blocks & Neuraxial Techniques and Basic Fetal Ultrasound Workshop the day before the full 2017 SOAP Sol Shnider, M.D. Obstetric Anesthesia Meeting begins.

Meeting attendees are encouraged to register for these events early. Please note that registration for the workshops requires a separate, additional fee from the full SOAP 2017 Sol Shnider, M.D. Obstetric Anesthesia Meeting registration.

Hands-on Ultrasound for the Obstetric Anesthesia Provider: Cardiac Ultrasound, Hemodynamic Exam, Pulmonary Evaluation, Ultrasound Guided TAP Blocks & Neuraxial Techniques and Basic Fetal Ultrasound

Activity Directors:  
Kristine Breyer, M.D., UCSF Assistant Professor Anesthesia & Critical Care  
Andrew Gray, M.D., Ph.D., UCSF Professor Anesthesia

(Limited to 20 participants)  
1:00 p.m. – 5:00 p.m.  
Additional Fee: $325  
LOCATION  
Grand Hyatt Hotel

DESCRIPTION
The purpose of this workshop is to provide the obstetric anesthesiologist with the necessary skills to successfully use ultrasound for guidance. The course will discuss and demonstrate the use of ultrasound as an aid to evaluate cardiac function and intravascular volume status, to evaluate for presence of pneumothorax and pulmonary edema, to aid in neuraxial anesthesia and TAP (transverse abdominis plane) blocks for the parturient and also for basic fetal ultrasound (including evaluation of fetal heart rate and biophysical profile). Instruction includes both didactic and hands-on sessions. Each student will have the opportunity to use ultrasound equipment for scanning live models.

OBJECTIVES:
Upon completion of this workshop, the participant will be able to:
1. Use ultrasound in order to aide in the clinical assessment of normal and depressed cardiac function
2. Use ultrasound in order to aide in clinical assessment of pulmonary edema and pneumothorax
3. Use ultrasound in order to aide in the clinical assessment of volume responsiveness to shock
4. Use ultrasound in order to facilitate neuraxial anesthesia techniques and also to facilitate performing an ultrasound guided transverse abdominis plane (TAP) block for the parturient
5. Describe basic fetal ultrasound to assess for fetal position and biophysical profile (including fetal heart rate)

Program continued on next page
Program Schedule

Session VI: New Approaches for Learning Obstetric Anesthesia and Review of Last Years Best Articles
Moderator: John Sullivan, M.D.

10:00 – 10:30 a.m. New Approaches and Resources for Learning and Teaching Obstetric Anesthesia
Lawrence Chu, M.D., M.S.

10:30 – 11:30 a.m. Ostheimer Lecture
Philip Hess, M.D.

11:30 – 11:45 a.m. Panel Discussion
11:45 – 1:00 p.m. Lunch on your own

Session VII: New Ways in Obstetrical Practice
Moderator: Robert Gaiser, M.D.

1:00 – 1:30 p.m. Is it Time to Abandon LUD?
Kenneth Nelson, M.D.

1:30 – 2:00 p.m. Optimal Anesthesia Approach to External Cephalic Version
John Sullivan, M.D.

2:00 – 2:30 p.m. Controversies in Obstetric Anesthesia
Jennifer Lucero, M.D.

2:30 – 2:45 p.m. Panel Discussion
2:45 – 3:30 p.m. Coffee Break

Session VIII: Maternal Morbidity and Rare Disease
Moderator: Robert D’Angelo, M.D.

3:30 – 4:00 p.m. Zika and Other Viruses in Obstetric Anesthesia
Robert Gaiser, M.D.

4:00 – 4:30 p.m. Maternal Morbidity and Mortality
Barbra Scavone, M.D.

4:30 – 5:00 p.m. SCORE Project II
Robert D’Angelo, M.D.

5:00 – 5:15 p.m. Panel Discussion

Sunday, March 5, 2017

6:30 – 7:30 a.m. Registration and Continental Breakfast

Session IX: Breastfeeding and Neonatal Concerns
Moderator: Alexander Butwick, M.B.B.S., FRCA, M.S.

7:30 – 8:00 a.m. What’s New in Neonatal Resuscitation
Robert Gaiser, M.D.

8:00 – 8:30 a.m. Pregnancy and the Implications of HLA Alloimmunization
Neil Ray, M.D.

8:30 – 9:00 a.m. Baby Friendly Practices and Immediate Skin-to-Skin Contact
Andrea Traynor, M.D.

9:00 – 9:15 a.m. Panel Discussion
9:15 – 10:00 a.m. Coffee Break

Session X: Anesthesia Safety Session 2
Moderator: Manuel Vallejo, Jr., M.D., D.M.D.

10:00 – 10:30 a.m. Enhanced Recovery After Surgery (ERAS) for Cesarean Delivery
Mark Rollins, M.D., Ph.D.

10:30 – 11:00 a.m. New VTE Bundles in OB: How Will This Affect OB Anesthesia
Alexander Butwick, M.B.B.S., FRCA, M.S.

11:00 – 11:30 a.m. The Continued Learning Environment
Manuel Vallejo, Jr., M.D., D.M.D.

11:30 – 11:45 a.m. Panel Discussion
12:00 p.m. Adjourn

* Opportunities for Q&A will be provided at the conclusion of each presentation
