Welcome to the SOAP 41st Annual Meeting

Dear Colleagues,

On behalf of the organizing committee, our meeting host Robert R. Gaiser, M.D., our Executive Director Jill Mlodoch, and myself, I’m looking forward to seeing you at the 41st Annual Meeting of SOAP in Washington, D.C.! As I’ve been saying for months now, “Yes, there is a little party in January (with the inauguration of 44th President), but the real fun occurs in April at our Annual Meeting!”

We have chosen as our theme, “Creating a Safer Practice Environment,” and you’ll observe that our program reflects essential and new information that will improve your own practice environment and patients’ outcomes in the many locations (private vs. academic, national vs. international, small vs. large) where we make a difference every day. Make your plans to arrive on Tuesday, April 28th, because our pre-meeting program begins on Wednesday morning with an opportunity to brush up on your Obstetric Anesthesia Crisis Skills (with mannequins undergoing real scenarios), enhance your Research and Grant Writing Success, and Learn New Paradigms from some of the world’s experts through our joint symposium with the Obstetric Anesthesia Society of Asia and Oceania (OASAO)! In addition, our social programs begin on Wednesday, and let’s just say that there’s going to be more than a few iconic politicians, movie stars, and sport legends in attendance!

On Thursday, treat yourself to the special lecture by Charles A. Czeisler, Ph.D., M.D., who’s responsible for most of the sleep medicine studies that have kept our NASA astronauts, our armed services personnel, our patients, and interestingly, ourselves, safe from sleep deprivation. How little sleep can you actually handle? Pro/Con Debate, Clinical Protocol Panels, Pearls on informed consent, minimizing neuraxial risks, and handling complications, and the Latest News in the published literature within Obstetric Anesthesia (Ostheimer Lecture), Obstetrics, and Obstetric Medicine will also be shared. We’ll also celebrate the accomplishments of our Distinguished Service Awardee, Sanjay Datta, M.B. and hear the wisdom of Joy L. Hawkins, M.D., our Hehre lecturer.

Our Awards Dinner on Saturday evening has a creative theme with entertainment that will make it a venue not to be missed, and then Sunday, we’ll conclude with our joint symposium with the North American Society of Obstetric Medicine (NASOM), where we’ll get an in-depth review of different pathologies that we can see on a regular basis.

If you’re new to SOAP, an OASAO or NASOM member, or haven’t been to a SOAP meeting in a while, this is the meeting you won’t want to miss! If you have been attending regularly, prepare to be amazed! I’m very much looking forward to seeing you at this meeting!

Cheers,

Lawrence C. Tsen, M.D.

Mission of SOAP
The purpose of the Society is to provide a forum for discussion of medical problems unique to the peripartum period and to promote excellence in medical care, research and education in anesthesia, obstetrics, obstetric medicine and neonatology.

Accreditation and Designation
The Society for Obstetric Anesthesia and Perinatology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

SOAP Annual Meeting
The Society for Obstetric Anesthesia and Perinatology designates this educational activity for a maximum of 20 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Obstetric Anesthesia Crisis Simulation Course
The Society for Obstetric Anesthesia and Perinatology designates this educational activity for a maximum of 4 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Research/Grantmanship/Study Design Seminar
The Society for Obstetric Anesthesia and Perinatology designates this educational activity for a maximum of 4 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

OASAO/SOAP Joint Symposium
The Society for Obstetric Anesthesia and Perinatology designates this educational activity for a maximum of 4 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Mission of SOAP Program Committee
The mission of the Society’s Program Committee is to provide anesthesiologists, obstetricians, and other physicians and members of related allied health specialties with the knowledge that will reinforce past learning as well as disseminate new concepts, practices, and skills involving anesthesia and analgesia for the pregnant woman.

Target Audience
The SOAP 41st Annual Meeting is intended for anesthesiologists, obstetricians, neonatologists, obstetric medicine specialists, maternal-fetal medicine specialists, residents, fellows and medical students. The Society supports the attendance by associate members in the educational sessions of the annual meeting. The program is generated from member requests and an assessment of need by the program committee. Attendance at this meeting does not guarantee competency or proficiency in the performance of any procedures which may be discussed or taught during the course.

Educational Format
CME activities may include the following formats: plenary sessions, debates, lectures, poster discussions, oral abstracts, problem-based learning, and skill-set workshops.

Participation in the SOAP 41st Annual Meeting
Attendance shall be open to all health practitioners, provided that they have registered for the meeting. CME credit will only be offered to M.D.s, D.O.s or equivalent. A completed Physician Verification of Attendance form must be turned in to SOAP at the conclusion of the meeting. The form will be available on-site.

Special Needs Statement
The Society for Obstetric Anesthesia and Perinatology is committed to making its activities accessible to all individuals and fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If you are in need of an accommodation, please do not hesitate to call the SOAP office at (847) 825-5586 and/or submit a description of your needs in writing to j.mlodoch@asahq.org.
Program Objectives

**Obstetric Anesthesia Crisis Simulation Course**
At the end of this session, participants will be able to:
• Review algorithms and formulate responses to obstetric anesthesia crisis situations.

**Research/Grantmanship/Study Design Session**
At the end of this session, participants will be able to:
• Summarize how to write a funding request and the research grant funding process.
• List potential sources of funding.
• Identify methods for improving the writing, reviewing and publishing of scientific articles.

**OASAO-SOAP Joint Symposium**
At the end of this session, participants will be able to:
• Identify advances in clinical care that have global application to obstetric anesthesia practices.
• Determine whether certain methods of neuraxial techniques are necessary for the safe provision of obstetric anesthesia.
• Identify factors responsible for the optimal provision of labor and post-cesarean analgesia.
• Summarize mechanisms and responses to peripartum hemorrhage and respiratory depression.

**Gertie Marx Research Competition**
Attendees will become familiar with the most recent and best peer reviewed obstetric anesthesia research abstracts from around the world. (Presentations in this session will be by Fellows.)

**What's New in Obstetrics?**
At the end of this session, participants will be able to:
• Assess the evidence for new concepts in the field of general obstetrics and maternal fetal medicine from the calendar year 2008-2009.
• Describe the impact of new obstetric research on the clinical practices of obstetric anesthesia, obstetric medicine and neonatology.

**Breakfast with the Experts**
After attending this problem-based learning discussion, participants will be able to:
• Interpret the problems associated with an obstetric patient with pre-existing complex medical problems.
• Organize an anesthetic plan for non-obstetric surgery in this patient.
• Review and evaluate how the plan changes based on a changing surgical situation.

**Gerald W. Ostheimer Lecture**
At the end of this session, participants will be able to:
• Evaluate the level of evidence for new preventive and therapeutic strategies in the vast field of maternal-fetal medicine, perinatology and obstetric anesthesia.
• Describe and apply state-of-the-art obstetric analgesia and anesthesia.
• Identify novel concepts and areas of research relevant to the understanding and management of pregnancy-related disorders, neonatal outcomes and obstetric anesthesia.

**What's New in Obstetric Medicine?**
At the end of this session, participants will be able to:
• Apply new findings in internal medicine as it applies to obstetrics and obstetric anesthesia clinical practice.
• Describe the effect of medical disease in pregnancy on clinical practice, education and future research.

**NASOM/SOAP Joint Symposium**
At the end of the session, participants will be able to:
• Identify common and uncommon disease processes that are witnessed during pregnancy.
• Apply new findings in internal medicine as it applies to obstetrical and obstetric anesthesia clinical practice.
• Describe the effects of medical disease in pregnancy on clinical internal medicine and anesthesia practice, education and future research.

**Annual Meeting Program**
At the end of this session, participants will be able to:
• Summarize how sleep deprivation can affect work efficiency and safety.
• Identify how the number of consecutive work hours worked can affect work ability.
• Formulate working protocols for common patient concerns in obstetric anesthesia.
• Identify recent advances in obstetrics, obstetric anesthesia, and obstetric medicine research.
• Describe optimal informed consent and neuraxial injury assessment processes.
• Indicate algorithms to minimize risks associated with neuraxial techniques.
• Summarize how obstetric anesthesia’s contributions have affected maternal safety.
• List methods for improving the transition from research idea to publication.
• List recent advances in clinical obstetric medical and anesthesia care.
• Determine what changes should be incorporated into current practices to create a safer patient and practitioner environment.

_6-7 a.m., Wellness Run/Walk - Register for this activity on the SOAP Annual Meeting Registration Form._
Attend this fun event for all. The name has been changed to encourage more participation. There will be an official winner as everyone who participates will win by exercising and meeting others. A bus will transport us the short distance to Rock Creek Park. Rock Creek Park is truly a gem in our nation’s capital. It offers visitors an opportunity to reflect and soothe their spirits through the beauty of nature. Fresh air, majestic trees, wild animals, and the ebb and flow of Rock Creek reflect the delicate aura of the forest. Let’s all take the first step toward our wellness by participating in the First Wellness Run/Walk.

_6-10 p.m., SOAP Awards Dinner - Register for this activity on the SOAP Annual Meeting Registration Form._
Cinco de Mayo theme. Entertainment by a mariachi band and DJ. Business casual attire.
The Renaissance Washington DC Hotel is the official headquarters hotel for the SOAP 41st Annual Meeting.

Renaissance Washington DC Hotel  
999 Ninth Street NW  
Washington, D.C.  
Phone: (202) 898-9000  
Fax: (202) 289-0947  

The daily room rate is $249 for single occupancy;  
$280 for double occupancy plus applicable taxes.  

This rate will be offered for arrivals up to three days prior to the meeting and for departure up to three days after the meeting, based on availability.  

Located in the heart of a pulsing, revitalized downtown - directly across from the Washington Convention Center - the Renaissance Washington DC Hotel is ideal for experiencing the energy and allure of America’s Capital City. Drawing inspiration from local history and culture, this luxury hotel in downtown Washington D.C. offers its own distinct story. As a unique choice among Washington D.C. hotels in the Penn Quarter District, it strategically sits between Capitol Hill and the White House. - mere blocks from the Spy Museum, National Portrait Gallery, and the world-famous Mall monuments.  

This hotel is within walking distance to great sights, such as the National Portrait Gallery and the Spy Museum, which teaches about espionage and its role in history. Also within walking distance are many restaurants, both ethnic and traditional. Washington D.C. is a perfect place to bring the family and will give children a tremendous opportunity to learn history and see the sights.  

Parking  
On-site parking fee is $9 per hour or $22 per day. Valet parking is $32 per day.  

Hotel Reservations  
Reservations must be made by April 10, 2009.
