SOAP TITLES 1989

8901 ARE NEURAL NARCOTICS COST EFFECTIVE? A COMPARISON OF EFFECTIVENESS, SIDE EFFECTS, AND COST BETWEEN SPINAL / EPIDURAL AND PARENTERAL NARCOTICS FOR POST CESAREAN DELIVERY ANALGESIA -- AF Pue, ME Weiss, JR Arnold, et al

8902 ANALGESIA FOLLOWING CESAREAN: COMPARISON OF FIVE OPiOID TECHNIQUES -- SE Cohen, LL Subak, WG Brose, J Halpem

8903 FETAL HEART RATE ALTERATIONS FOLLOWING EPIDURAL FENTANYL -- CM Viscomi, DD Hood, P Melon, JC Elsenach

8904 MEPERIDINE SUPPLEMENTATION OF BUPIVACAINE LABOR EPIDURAL -- TR Fengler, BC Corke, FJ Spielman

8906 EPIDURAL ALFENTANIL AND BUPIVACAINE FOR ANALGESIA DURING LABOR -- N Ahn, D Karambelkar, G Cannelli, TE Rudy

8907 A COMPARATIVE STUDY OF EPIDURAL ALFENTANIL AND FENTANYL FOR LABOR PAIN RELIEF -- S Kavuri, Y Janardhan, E Fernando, et al

8908 EFFECT OF EPINEPHRINE ON INTRATHECAL FENTANYL ANALGESIA AM Malinow, BLK Mokriski, MK Nomura, MA Kaufman

8909 INTERNALLY ADMINISTERED LABETALOL PRODUCES LESS ADRENERGIC BLOCKADE IN FETUS THAN IN MOTHER -- JC Eisenach

8910 PHENYLEPHRINE IN TREATING MATERNAL HYPOTENSION SECONDARY TO SPINAL ANESTHESIA -- DH Moran, M Perillo, AM Bader, et al

8911 DOES INDOMETHACIN ATTENUATE THE MATERNAL HYPOTENSIVE RESPONSE TO HEMORRHAGE DURING INFUSION OF MAGNESIUM SULFATE IN GRAVID EWES? -- DH Chestnut, CP Weiner, CS Thompson, et al

8912 MATERNAL AND FETAL HEMODYNAMIC EFFECTS OF MAGNESIUM SULFATE AND PROMETHAZINE IN GRAVID EWES -- KL Pollack, DH Chestnut, CS Thompson, et al
PRE-ECLAMPTIC AND NONPREGNANT PATIENTS HAVE SIMILAR CHRONOTROPIC RESPONSES TO ISOPROTERENOL -- BL Leighton, MC Norris, CA DeSimone, et al

DOES RITODRINE WORSEN THE MATERNAL HYPOTENSIVE RESPONSE TO EPIDURAL ANESTHESIA IN GRAVID EWES? -- DH Chestnut, KL Pollack, CS Thompson, et al

THE POTENTIALLY ADVERSE FETAL EFFECTS OF LOW-DOSE PROPHYLACTIC EPHEDRINE DURING REGIONAL ANESTHESIA FOR CESAREAN SECTION -- VE Sheerer, OH Wallace, S Ramin, et al

MATERNAL AND FETAL EFFECTS OF MILRINONE -- A Baumann, D Wlody, A Santos, et al

EFFECT OF EPINEPHRINE ON MATERNAL-FETAL DISTRIBUTION OF BUPIVACAINE IN THE RABBIT -- RJ Careon, DG Gaylard, RS Laishley, et al

HEADACHE IN OBSTETRICAL PATIENTS: COMPARISON OF WHITACRE VERSUS QUINCKE NEEDLE -- GE Snyder, DL Person, CE Flor, et al

ORAL CAFFEINE FOR POST-DURAL PUNCTURE HEADACHE -- R William, R Camann, S Murray, DH Lambert

PREVENTION OF HEADACHE FOLLOWING INADVERTENT DURAL PUNCTURE -- N Trivedi, D Eddi, K Shevde

POSTURE AND THE INCIDENCE OF VENOUS AIR EMBOLISM (VAE) DURING CESAREAN SECTION (CS) -- VR Karuparthy, JW Downing, FJ Husain, et al

GLASS AMPULE CONTAMINATION -- PM Kempen, RA Sawyer

BLOOD VESSEL PUNCTURE WITH EPIDURAL CATHETERS -- NN Ahn, DA Ung, S DeFay, et al

INTRATHecal MORPHINE FOR POSTCESAREAN SECTION ANALGESIA -- M Zakowski, S Ramanathan, H Turndorf

EPIDURAL NALBUPHINE FOR POST-CAESAREAN SECTION ANALGESIA -- GH McMorland, MJ Douglas, J Fuller, et al

EPIDURAL LIDOCAINE WITH TETRACAINE OR FENTANYL FOR CESAREAN SECTION -- GA Albright, GH McMorland, K McDonald
HYDROXYZINE DECREASED THE SIDE EFFECTS OF EPIDURAL MORPHINE IN POST CESAREAN SECTION PATIENTS -- MM Juneja, WE Ackerman, DM Kacsorowski, et al

THE INCIDENCE OF PRURITUS FOLLOWING EPIDURAL OPIOIDS IN POST CESAREAN SECTION PATIENTS -- WFC Ackerman, MM Juneja, DM Kaczorowski

CONTINUOUS EPIDURAL INFUSION OF ALFENTANIL-BUPIVACAINE VS BUPIVACAINE FOR LABOR AND DELIVERY -- T Huckaby, K Gerard, J Scheidlinger, et al

INTRATHECAL FENTANYL MAY REDUCE THE INCIDENCE OF SPINAL HEADACHE -- MD Johnson, L Hertwig, S Datta

COMPARISON OF ANALGESIC EFFICACY OF ALFENTANIL, FENTANYL AND SUFENTANIL IN CONTINUOUS EPIDURAL INFUSIONS OF 0.125% BUPIVACAINE FOR LABOR AND DELIVERY -- AO Wilhite, NH Blass

CONTINUOUS INFUSION EPIDURAL ANALGESIA DURING LABOR: A RANDOMIZED, DOUBLE-BLIND COMPARISON OF 0.0625% BUPIVACAINE/O.002% BUTORPHANOL VERSUS 0.125% BUPIVACAINE -- J Rodriguez, TK Abboud, A Reyes, et al

PROPHYLACTIC ORAL NALTREXONE WITH INTRATHECAL MORPHINE FOR CESAREAN SECTION: EFFECTS ON ADVERSE REACTIONS AND ANALGESIA -- TK Abboud, K Lee, M Chai, et al

THE EFFECT OF THE ADDITION OF EPIDURAL SUFENTANIL TO BUPIVACAINE 0.5% FOR ELECTIVE CESAREAN SECTION -- JD Vertommen, E Vandermeulen, SM Shnider, H Van Aken

THE CHOICE OF BUFFERS INFLUENCES THE DURATION OF ANALGESIA OF EPIDURALLY ADMINISTERED 2-CHLOROPROCAINE -- WE Ackerman, MM Juneja, DM Kaczorowski, DD Denson

POSITION AND EPIDURAL ANESTHESIA FOR THE SECOND STAGE OF LABOR -- J Herold, WE Ackerman, MM Juneja

pH AFFECTS THE ONSET AND DURATION OF EPIDURAL LIDOCAINE IN THE PARTURIENT -- NJ Sweeney, DD Denson, WE Ackerman, et al

THE EFFECTS OF CEREBROSPINAL FLUID pH ON THE ONSET OF SUBARACHNOID BUPIVACAINE -- WE Ackerman, DD Denson, MM Juneja, N Sweeney
PHARMACOKINETICS OF COCAINE IN PREGNANT AND NONPREGNANT RATS -- T Hara, HO Morishima, TB Cooper, ED Miller

COMPARISON OF THE EFFECTS OF SUBARACHNOID AND EPIDURAL BUPIVACAINE 0.5% FOR CESAREAN SECTION ON NEONATAL OUTCOME -- K Jam, B McEvedy, J Dossiter

THE PREDICTIVE VALUE OF LIDOCAINE TEST DOSE IN 1) CALCULATING THE TOTAL LOCAL ANESTHETIC DOSE REQUIRED TO ACHIEVE THE ANESTHETIC LEVEL FOR CESAREAN SECTION, 2) THE TIME TO ACHIEVE THAT LEVEL -- S Patel

COMPARISON OF 0.375% BUPIVACAINE WITH 0.25% AND 0.5% BUPIVACAINE FOR LABOR EPIDURAL ANALGESIA -- BJ Chen, WF Kwan

COMPARISON OF LUMBAR EPIDURAL BUPIVACAINE ADMINISTRATION VIA CONTINUOUS INFUSION AND TRAVENOL PATIENT CONTROLLED ANALGESIA PUMP DURING LABOR -- JP Forensky, BB Greenhouse, M Vasouez, U Thaker

PLACENTA ACCRETA: RISK FACTORS AND ANESTHETIC MANAGEMENT -- AA Kamani, GH McMorland, O Farquharson, et al

PATIENT CONTROLLED EPIDURAL ANALGESIA FOR LABOR -- CM Viscomi, JC Eisenach

EPIDURAL CLONIDINE FOR POST CESAREAN SECTION ANALGESIA CM Viscomi, JC Eisenach

EPIDURAL ANESTHESIA IN WOMEN WITH CHORIOAMNIONITIS (A RETROSPECTIVE STUDY) -- A Vaddadi, J Ramanathan, JJ Angel, B Sibai

MAXIMUM SURGICAL BLOOD ORDER SCHEDULE IN NEONATAL SURGERY -- S Longmire, P Csontos, M Kubicek, S Skjonsby

SPINAL ANESTHESIA FOR CESAREAN SECTION AND POSTPARTUM TUBAL LIGATION -- CA DeSimone, MC Norris, BL Leighton, et al

AIR: AN EFFECTIVE INDICATOR OF INTRAVENOUSLY LOCATED EPIDURAL CATHETERS -- BL Leighton, JB Gross

EPIDURAL ANESTHESIA FOR CESAREAN SECTION IN PATIENTS WITH ACTIVE RECURRENT GENITAL HERPES SIMPLEX INFECTIONS EP Crosby, SH Halpern, SH Rolbin
ARE PREMEDICATED PARTURIENTS WHO RECEIVE EPIDURAL ANALGESIA AT RISK FOR HYPOXEMIA? -- DM Lin, LS Reisner

NON-INVASIVE DETERMINATION OF CARDIAC OUTPUT DURING ELECTIVE CESAREAN SECTION: MULTIPLE VERSUS SINGLETON GESTATIONS -- ML Flanagan, PLE Ross, DR Gambling

VASOPRESSIN AND FETAL CEREBRAL BLOOD FLOW DURING HYPOXEMIA -- JC Eisenach, DA Stump

MEASUREMENT OF FXO2 AND RESPIRATORY RATE FROM A NASAL CANNULA DURING CESAREAN SECTION -- WFC Ackerman, MM Juneja, D Reaume

ELECTROCARDIOGRAPHIC CHANGES DURING VAGINAL DELIVERY -- CH Palmer, MV Boswell, PS Scipione

A STUDY OF DENITROGENATION DURING PREGNANCY -- MC Norris, MR Kirkland, MC Torjman, ME Goldberg

EFFECT OF ESMOLOL ON MATERNAL AND FETAL HEMODYNAMICS IN THE PREGNANT SHEEP DURING EPINEPHRINE/NOREPINEPHRINE INFUSION -- QT Palecios, TD Johnson, MF Doursout, et al

THE ACTION OF CALCICUM CHANNEL BLOCKERS ON SEROTONIN (5-HT) RESPONSES IN THE HUMAN UMBILICAL CORD ARTERY IN VITRO -- TD Johnson, E Csontos, TH Joyce

CORE TEMPERATURE CHANGES ARE NOT PERCEIVED DURING EPIDURAL ANESTHESIA FOR CESAREAN SECTION -- B Glosten, D Sessler, R Stoen, et al

SYSTEMIC ABSORPTION OF LIDOCAINE DOES NOT CONTRIBUTE TO TREMOR DURING EPIDURAL ANESTHESIA -- B Glosten, DI Sessler, PL Ostman, EAM Faure

CALCIUM HOMEOSTASIS: A KEY TO SMOOTH MUSCLE REACTIVE -- KS Lindeman, AN Freed, CA Hirshman

EFFECTS OF SUCCINYLCHOLINE ON FETAL BREATHING ACTIVITY -- HO Morishima, SS Daniel, RI Stark, LS James

DOES FUROSIMIDE ALTER THE HEMODYNAMIC RESPONSE TO RAPID INTRAVASCULAR TRANSFUSION OF THE ANEMIC FETAL LAMB? -- DH Chestne, KL Pollack, CP Weiner, JE Robillard
PREGNANCY: ENDOTHELium-DEPENDENT CHOLINERGIC DILATION OF HUMAN UTERINE ARTERIES -- SH Nelson, MS Suresh

HEMODILUTION, REGIONAL BLOCK AND CESAREAN SECTION -- PM Eempen

A PROSPECTIVE EVALUATION OF PREGNANT WOMEN AND THEIR NEWBORNS OXYGEN SATURATION LEVELS -- KB Porter, RA Knuppel, VT Kiefert, WF O'Brien

THE EFFECT OF BARBITURATE ANESTHESIA ON THE CUSHING RESPONSE IN FETAL SHEEP -- API Harris, RC Gehler, MD Jones, et al

THE RELATIONSHIP DEIWEER APGAR SCORE AND OXYGEN SATURATION -- UJ Sendak, AP Harris

EFFECT OF CATHETER TESTING WITH 2-CHLOROPROCAINE ON THE DURATION OF EPIDURAL MORPHINE FOLLOWING CESAREAN SECTION -- TJ Schlairet, JC Eisenach, CE Dobson

POSTOPERATIVE EPIDURAL MORPHINE ANALGESIA AFTER 3% 2-CHLOROPROCAINE (NESACAINE-MPF) OR LIDOCAINE EPIDURAL ANESTHESIA -- CH Leicht, LT Baker, WJ Durkan

DOES EPINEPHRINE MODIFY THE ACTION OF EPIDURAL MORPHINE -- NK Moonka, S Ramanathan, P Khoo, H Turndorf

JUDICIAL FINDINGS ON INFORMED CONSENT IN OBSTETRIC ANESTHESIA -- RM Knapp

FETAL HEART RATE FOLLOWING EPIDURAL ANESTHESIA FOR CESAREAN -- JR Loftus, RH Holbrook, SE Cohen

LUMBAR EPIDURAL ANALGESIA AND CHANGES IN THE FETAL HEART RATE PATTERN: A BLIND STUDY OF 139 PATIENTS -- RB Lechner, S Droste, HS Chadwick

OBSTETRIC EPIDURAL ANESTHESIA IN PATIENTS WITH HARRINGTON INSTRUMENTATION -- ET Crosby, SH Halpern

“AWAKE WITHOUT TEARS”: COMBINED SPINAL-EPIDURAL ANESTHESIA FOR CESAREAN SECTION USING 29 G SPINAL NEEDLES -- LES Carrie
Epidural Anesthesia for Cesarean Section in Cocaine Abusing Parturients -- DJ Birnbach, W Weiss, A Grunebaum

Cisternal CSF and Arterial Plasma Levels of Fentanyl, Alfentanil and Sufentanil after Lumbar Epidural Injection -- H de Sousa, R Stiller

An Evaluation of Pregnancy Associated Coagulopathies Utilizing the Sonoclot Coagulation Analyzer -- R Goldstein, R Sinatra, R Hines, et al

Meningitis after Dural Puncture in Bacteremic Rats -- H Car, S Bailey

Vertebral Column Length and the Spread of Hyperbaric Subarachnoid Bupivacaine in the Term Parturient -- BL Hartwell, MA Hauch, LS Aglio, et al

Acute Cocaine Intoxication in Pregnant Rats -- HO Morishima, T Hara, K Khan, et al

Pharmacokinetics of Ropivacaine During Pregnancy -- JA Sallusto, AC Santos, I Pedersen, et al

Toxicity of Ropivacaine in Pregnant and Nonpregnant Ewes -- H Pedersen, AC Santos, HO Morishima, et al

Effects of Acute Hypermagnesemia on Thresholds for Lidocaine Seizures in the Rat -- WW Choi, DJ Monahan, DS Warner, et al

Effects of “Test Dose” Epinephrine Given Intravenously in a Sheep Model with Acute Fetal Stress and Acidosis -- P Youngstrom, M Hoyt, JC Veille, et al
FETAL ACID-BASE STATUS WITH HALOTHANE AND ISOFLURANE -- BLK Mokriski, AM Malinow, MA Kaufman

PROPHYLACTIC ORAL NALTREXONE WITH EPIDURAL MORPHINE: EFFECT ON ADVERSE REACTIONS AND VENTILATORY RESPONSES TO CARBON DIOXIDE -- TK Abboud, J Zhu, J Davidson, et al

EFFECT OF POSITION ON THE ONSET OF BUFFERED AND UNBUFFERED EPIDURAL 2-CHLOROPROCAINE -- WE Ackerman, MM Juneja, MM, CJ Nicholson

THE ADDITION OF EPINEPHRINE TO SUBARACHNOID HYPERBARIC BUPIVACAINE WITH FENTANYL FOR CESAREAN DELIVERY -- MC Brown, MD Johnson, P Barresi, et al

DOES ANESTHETIC TYPE INFLUENCE BLOOD LOSS AT PRETERM CESAREAN DELIVERIES? -- E Crosby, CS Halpern

ANAESTHESIA QUALITY ASSURANCE IN AN OBSTETRIC HOSPITAL - ONE DEPARTMENT'S APPROACH -- M Douglas, PLE Ross, GH McMorland

COMPARISON OF BUPIVACAINE, BUPIVACAINE/LIDOCAINE. AND BUPIVACAINE/FENTANYL FOR LABOR ANALGESIA -- R Goldstein, F Sevarino, R Sinatra

VAGINAL BIRTH AFTER TWO OR MORE CESAREAN SECTIONS: A FIVE YEAR EXPERIENCE -- Hansel, McMurray, Huey

CONTINUOUS SPINAL ANESTHESIA DOES NOT PREVENT HEADACHES FOLLOWING UNINTENTIONAL DURAL PUNCTURE IN PREGNANT PATIENTS -- A Harris, D Whitehead

EPIDURAL ANESTHESIA FOR CESAREAN SECTION: A COMPARISON OF TWO POPULAR TECHNIQUES OF ANESTHETIC INDUCTION -- FJ Husain, JW Downing, J Blanchard, et al

VARIOUS NARCOTICS FOR EPIDURAL ANALGESIA AFTER CESAREAN SECTION: COMPARISON OF ANALGESIA AND SIDE EFFECTS WITH EMPHASIS ON RESPIRATORY STATUS -- CF James, TCE Banner

EPIDURAL, BARBOTAGE IN OBSTETRIC PATIENTS -- PM Eempen

HYGIENIC PRACTICES IN ANESTHESIA -- PM Eempen, DN Learned
MATERNAL OXYGENATION STATUS POST CESAREAN SECTION IN NORMAL PREGNANCY -- L Leduc, M Jones, W Lee, E Talley, D Cotton

COMPUTERIZED DATA BASE TO ANALYZE QUALITY ASSURANCE IN OBSTETRIC ANESTHESIOLOGY -- AV Mankad, HR Vijayakumar, Dark-DL Mezick

RESUSCITATION ATTITUDES IN OBSTETRICS, ANESTHESIOLOGY, AND PEDIATRICS -- JS McDonald, K Zuspan, G Speas

NON-INVASIVE CARDIODYNAMIC MEASUREMENTS MADE DURING CESAREAN SECTION -- J Jaros, LM Newman, BD Spiess, C Kassa, S Parnass, RJ McCarthy, AD Ivankovich

FAMOTIDINE FOR PROPHYLAXIS OF ACID ASPIRATION IN OBSTETRIC ANESTHESIA -- MP Nicholas, MS Swesh, JA Moreno

SPINAL ANESTHESIA AND PRE-ECLAMPSIA -- MC Norris, BL Leighton, CA DeSimone

INCIDENCE OF CARDIAC DYSRHYTHMIAS DURING POSTPARTUM TUBAL LIGATION -- RS Ravindran, OJ Viegas

CONTINUOUS INFUSION EPIDURAL BUPIVACAINE WITH FENTANYL OR ALFENTANYL FOR LABOR -- NL Ray, S Datta, MD Johnson

HIGH DOSE LOCAL ANESTHESIA DOES NOT SPELL HIGH OR TOTAL SPINAL ANESTHESIA -- DJ Santos, R Lachica

RETAINED PLACENTA: OBSTETRIC AND ANESTHETIC MANAGEMENT -- FJ Spielman, WNP Herbert

POST-OP PAIN MANAGEMENT WITH CONTINUOUS FENTANYL EPIDURAL VS FENTANYL EPIDURAL IN PATIENT CONTROLLED ANALGESIA FASHION -- ML Vasques, BB Greenhouse, J Forensky

MONITORED UTERINE CONTRACTILITY AND RESPONSE TO OXYTOCIN: THE EFFECT OF ISOFLURANE 1% AN0 LOW-DOSE COMPARED WITH REGIONAL ANESTHESIA AT CESAREAN SECTION -- OH Wallace, SL Cosentino, VE Sheerer, et al

FENTANYL AS AN EPIDURAL INTRAVASCULAR TEST DOSE IN OBSTETRICS -- WY Yoshii, M Miller, RL Rottman, et al
