3. Exhibition Standards
Exhibits and promotional materials should be dignified and truthful, and designed to provide useful and reliable information. The exhibition of a product or service at the SOAP meeting does not constitute a SOAP endorsement of the product or service, or of the claims made. Drugs or devices which require pre-market approval from the FDA or which must comply with established product standards will not be eligible to exhibit unless FDA approval has been obtained or the appropriate product standard is met. SOAP reserves the right not to sell space for the exhibition of any product or service that is at issue or in litigation with a government agency.

Participating firms will be limited to those which have obstetric anesthesia directed products, equipment or services. At the request of SOAP, made at any time or times before or during the exhibition, exhibitor must promptly furnish SOAP with sample products, packages, labels, advertising and promotional literature that would be or is being distributed before exhibitor will be eligible to participate or continue in the exhibition. SOAP reserves the sole and absolute right to determine which firms and products are appropriate in its judgment for inclusion in the exhibition and to refuse, cancel or restrict any applicant or exhibit that SOAP considers undesirable for any reason. This provision applies to exhibitor’s conduct, articles, printed matter, samples, questionnaires or anything that SOAP deems objectionable. If SOAP decides that any of these do not meet its standards or are not suitable, the exhibitor must at once comply with SOAP demands or can withdraw and, if appropriate, receive a refund of the rental fee paid, prorated for the unused time.

5. Carpet
The exhibit hall is carpeted in a multi-colored pattern. Additional carpet is not required, but is suggested, for additional comfort and aesthetic appeal.
