2016 CLINICAL UPDATE IN OBSTETRIC ANESTHESIA MEETING

REGISTER ONLINE AT WWW.SOAP.ORG

NOVEMBER 3-6, 2016
Grand Hyatt Washington
Washington, D.C.

Jointly provided by American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology
Welcome to the SOAP 2016 Clinical Update in Obstetric Anesthesia Meeting

Welcome to the historic first East Coast Clinical Update in Obstetric Anesthesia sponsored by the Society for Obstetric Anesthesia and Perinatology. The purpose of this meeting is to provide a meeting where the practicing anesthesia provider may receive the most current information regarding anesthetic management of the pregnant patient during labor or cesarean delivery. I want to welcome you to the meeting and thank you for your interest. I promise you that you will not be disappointed and will leave with new information that will improve your practice. I invite you to spend some time with the faculty addressing any questions or concerns. The pre-meeting workshops offer opportunities to learn ultrasound for the care of the patient or to develop a plan for the management of the failed epidural catheter. Whatever sessions you avail yourself, I can promise that you will leave the meeting with new knowledge and the excitement to apply this knowledge to the clinical situation.

Sincerely,
Robert R. Gaiser, M.D., SOAP 2016 Clinical Update in Obstetric Anesthesia Meeting Program Chair

Hotel Accommodations

A block of rooms has been reserved at the Grand Hyatt Washington, 1000 H Street NW, Washington, D.C., USA, 20001. Room rate is $199.00 single/double occupancy, plus tax and fees. These rates are limited so reserve your room early by visiting https://aws.passkey.com/event/14320421/owner/544/home or by calling 1(888) 421-1442. Please mention the SOAP 2016 Clinical Update in Obstetric Anesthesia Meeting when making your reservation.

The deadline to book your hotel reservation is October 3, 2016. After this deadline, rooms will be provided on a space available basis only.

Grand Hyatt Washington is the ideal place to start your D.C. adventures as well the spot to return to after they’ve come to a close. The hotel is located in the celebrated Penn Quarter neighborhood, just moments away from CityCenterDC.
Exhibitor Information

Exhibits will be open during the following times:

**Friday, November 4, 2016:**
- 6:30 – 7:30 a.m.
- 9:00 – 9:30 a.m.
- 3:00 – 3:30 p.m.

**Saturday, November 5, 2016:**
- 6:30 – 7:30 a.m.
- 9:00 – 9:30 a.m.
- 3:00 – 3:30 p.m.

Learning Objectives

At the conclusion of this learning activity, the participant will be able to:

1. Adjust one’s practice to reduce the use of general anesthesia for cesarean delivery
2. Improve communication with obstetricians through a better understanding of obstetric practice
3. Develop a plan for the patient who experiences hemorrhage during delivery
4. Manage the complications of neuraxial anesthesia
5. Decide upon the work-up of neurologic injuries accompanying delivery
6. Devise a plan for the management of the obese parturient requiring cesarean delivery
7. Optimize the management of post-cesarean delivery analgesia
8. Manage the patient undergoing surgery during pregnancy
9. Improve one’s approach to management of labor analgesia
**Mission of SOAP**
The mission of this Society is to improve the pregnancy-related outcomes of women and neonates through the support of obstetric anesthesia research, the provision of education to its members, other providers, and pregnant women, and the promotion of excellence in clinical anesthetic care.

**ACCME Accreditation**
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**MOCA® ACCREDITED**
There are two sessions that are applicable for patient safety. The first session is Session III: Bad Things Can Happen with Neuraxial Anesthesia on Friday and the second session is Session X: Morbidity and Mortality in Obstetrics on Sunday. Each session is worth 1.5 credits.

Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of The American Board of Anesthesiology®

This patient safety activity helps fulfill the patient safety CME requirement for Part II of the Maintenance of Certification in Anesthesiology Program (MOCA) of The American Board of Anesthesiology (ABA). Please consult the ABA website, www.theABA.org, for a list of all MOCA requirements.

**AANA Credits**
*(Program offering Friday through Sunday)*
This program has been approved by the American Association of Nurse Anesthetists for 18 CE credits; Code Number: 1033830; Expiration Date: 11/6/16.

**Cardiothoracic Point of Care Ultrasound Workshop for the Obstetric Anesthesia Provider**
This workshop has been approved by the American Association of Nurse Anesthetists for 4 CE credits; Code Number: 1033835; Expiration Date: 11/3/16.

The American Society of Anesthesiologists designates this live activity for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Eailed Epidural Catheter on the Labor Suite: How to Make Your Catheters Work/Accidental Dural Puncture**
This workshop has been approved by the American Association of Nurse Anesthetists for 4 CE credits; Code Number: 1033834; Expiration Date: 11/3/16.

The American Society of Anesthesiologists designates this live activity for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Target Audience**
This meeting is intended for specialists in anesthesiology to include anesthesiologists, nurse anesthetists, residents and fellows. Pediatricians, neonatologists, perinatologists, obstetricians, general practitioners, delivery room nurses, nurse midwives, and clinical pharmacologists may also find educational benefit. The program is generated from member requests and an evaluation of need by the program committee. Attendance at this meeting does not guarantee competency or proficiency in the performance of any procedures which may be discussed or taught during the meeting.

**Educational Format**
CME activities may include the following formats: plenary sessions, debates, lectures, problem-based learning, and skill-set workshops.

**Mission of SOAP Program Committee**
The mission of the Society's Program Committee is to provide anesthesiologists, obstetricians, and other physicians and members of related allied health specialties with the knowledge that will reinforce past learning as well as disseminate new concepts, practices, and skills involving anesthesia and analgesia for the pregnant woman.

**Participation in the SOAP 2016 Clinical Update in Obstetric Anesthesia Meeting**
Attendance shall be open to all health practitioners, provided that they have registered for the meeting. CME credit will only be offered to M.D.s, D.O.s, and AAs or the equivalent. CE credit will be offered to CRNAs.

**Evaluations**
Electronic evaluations by questionnaire will address program content, presentations, and possible bias.

**Special Needs Statement**
The Society for Obstetric Anesthesia and Perinatology is committed to making its activities accessible to all individuals and fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If you are in need of an accommodation, please do not hesitate to contact the SOAP office at 414-389-8611 and/or submit a description of your needs in writing to soap@soap.org.

**Statement of Need**
The SOAP Clinical Update in Obstetric Anesthesia Meeting provides a forum devoted exclusively to obstetric anesthesia at which leaders in the field present recent clinical updates and other relevant clinical information.

**Commercial Support Acknowledgement**
This CME activity is supported by educational grants. A complete list of supporters will be available in the course syllabus.

**Disclosure**
The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the American Society of Anesthesiologists to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all American Society of Anesthesiologists CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.

**Disclaimer**
The information provided at this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.
Pre-Meeting Workshops

Thursday, November 3, 2016
SOAP is offering the Hands-on Ultrasound for the Obstetric Anesthesia Provider and the Failed Epidural Catheter on the Labor Suite: How to Make Your Catheters Work/Accidental Dural Puncture Workshop the day before the full 2016 SOAP Clinical Update in Obstetric Anesthesia Meeting begins.

Meeting attendees are encouraged to register for these events early. Please note that registration for the workshops requires a separate, additional fee from the full SOAP 2016 Clinical Update in Obstetric Anesthesia Meeting registration.

Cardiothoracic Point of Care Ultrasound Workshop for the Obstetric Anesthesia Provider

**Activity Directors:**
Lorenzo De Marchi, M.D.
Georgetown University Medical Center

**Instructors:**
Alan Kim, M.D.
Georgetown University Medical Center
Karen Halsted Katrivesis, M.D.
Georgetown University Medical Center
Daniel Dooley, M.D.
Georgetown University Medical Center

(Limited to 20 participants)
8:00 a.m. – 12:00 p.m.
Additional Fee: $295

**LOCATION**
Grand Hyatt Washington

**DESCRIPTION**
The course is designed to allow a complete experience of Point Of Care Ultrasound (POCUS) imaging of the heart and lungs.
First, through the use of simulators and live models the participant will learn the basic cardiac views necessary to quickly assess myocardial contractility, volume status and major valvular disease.
The second part of the workshop is dedicated to learning the fundament of lung ultrasound and how to recognize common lungs pathologies.

**OBJECTIVES:**
Upon completion of this workshop, the participant will be able to:
1. Review the basic ultrasound physics principles
2. Demonstrate basic proficiency in obtaining 2-D transthoracic ultrasound images of the heart, lungs and vena cava
3. Provide qualitative assessment of cardiac contractility, chamber size and intravascular volume status
4. Recognize the presence of valvular stenosis and insufficiency
5. Recognize the presence of pneumothorax, pleural effusion and pulmonary edema

Failed Epidural Catheter on the Labor Suite: How to Make Your Catheters Work/Accidental Dural Puncture

**Activity Directors:**
Robert Gaiser, M.D.
University of Kentucky
Nathaniel W. Hsu, M.D.
University of Pennsylvania

(Limited to 25 participants)
1:00 p.m. – 5:00 p.m.
Additional Fee: $295

**LOCATION**
Grand Hyatt Washington

**DESCRIPTION**
Six months following participation in the seminar, the attendees will be surveyed as to the changes in their practice regarding epidural management as well as management of accidental dural puncture. The attendee will also then be queried as to the impact of these changes on patient care compared to the previous six months.

Epidural catheters placed for labor do not always provide adequate surgical anesthesia for cesarean delivery. The incidence of failed epidural catheter to provide adequate anesthesia for cesarean delivery is estimated at 13%. One of the largest risk factors for a failed epidural was inadequate labor analgesia. This point highlights that an epidural catheter that fails was most likely missed during labor. The key to decreasing this incidence is to identify the non-functioning epidural catheter during labor and replace it. Furthermore, a recent survey of members for SOAP revealed that very few respondents have a written protocol for the management of accidental dural puncture.

**OBJECTIVES:**
Upon completion of this workshop, the participant will be able to:
1. Describe the reasons an epidural catheter fails to provide labor analgesia and appropriate management
2. Develop a plan for the epidural catheter that is not providing appropriate labor analgesia
3. Develop a plan for when the epidural catheter fails to provide adequate anesthesia for cesarean delivery
4. Describe the complications accompanying an accidental dural puncture
5. Develop a plan for the management of the patient who experiences accidental dural puncture.

Future Meetings

SOAP 49th Annual Meeting
May 10-14, 2017
Hyatt Regency Bellevue • Bellevue, Washington

SOAP 2017 Sol Shnider, M.D.
Obstetric Anesthesia Meeting
March 2-5, 2017
Grand Hyatt Hotel • San Francisco, CA
Friday, November 4, 2016

6:30 – 7:30 a.m.  Registration and Continental Breakfast

Panel I: Understanding Obstetrics
Moderator: Robert R. Gaiser, M.D.

7:30 – 7:55 a.m.  Anesthesia for TOLAC and ECV
Cynthia A. Wong, M.D.

7:55 – 8:20 a.m.  Skin to Skin and other Baby Friendly Measures
Jamie D. Murphy, M.D.

8:20 – 8:45 a.m.  What Obstetricians’ Want Anesthesia Providers to Know?
Jessica L. Bienstock, M.D., M.P.H.

8:45 – 9:00  Panel Discussion

9:00 – 9:30 a.m.  Coffee Break

Session II: Managing Obstetric Hemorrhage
Moderator: Kenneth E. Nelson, MD

9:30 – 9:55 a.m.  Spinal Failure: Why it Happens and What to do Next
Kenneth E. Nelson, M.D.

9:55 – 10:20 a.m.  Postpartum Hemorrhage from an Obstetrician’s Viewpoint
Jessica L. Bienstock, M.D., M.P.H.

10:20 – 10:45 a.m.  Obstetric Hemorrhage: Multidisciplinary Response
Barbara M. Scavone, M.D.

10:45 – 11:00 p.m.  Panel Discussion

11:00 a.m. – 12:15 p.m.  Pro-Con Debate: General vs. Regional Anesthesia for Placenta Accreta
Regional: Manuel C. Vallejo, Jr., M.D., D.M.D.
General: Robert R. Gaiser, M.D.

12:15 – 1:30 p.m.  Hosted Lunch

Session III: Bad Things Can Happen with Neuraxial Anesthesia
Moderator: John T. Sullivan, M.D., M.B.A.

1:30 – 1:55 p.m.  Infectious Complications of Neuraxial Anesthesia
John T. Sullivan, M.D., M.B.A.

1:55 – 2:20 p.m.  Neurologic Complications of labor and Neuraxial Anesthesia
Cynthia A. Wong, M.D.

2:20 – 2:45 p.m.  Headaches and Blood Patches in Obstetric Anesthesia
Barbara M. Scavone, M.D.

2:45 – 3:00 p.m.  Panel Discussion

3:00 – 3:30 p.m.  Coffee Break

Session IV: Alternatives to Regional Anesthesia in Labor
Moderator: Manuel Vallejo, Jr., M.D., D.M.D.

3:30 – 3:55 p.m.  Nitrous Oxide for Labor Analgesia
Manuel C. Vallejo, Jr., M.D., D.M.D.

3:55 – 4:20 p.m.  Remifentanil and Other Non-Invasive Techniques
Jamie D. Murphy, M.D.

4:20 – 4:45 p.m.  Has the Time for Spinal 2-Chloroprocaine Arrived?
Kenneth E. Nelson, M.D.

4:45 – 5:00 p.m.  Panel Discussion

5:00 – 6:30 p.m.  Reception

Saturday, November 5, 2016

6:30 – 7:30 a.m.  Registration and Continental Breakfast

Session V: Ever Evolving Labor Analgesia
Moderator: Robert D’Angelo, M.D.

7:30 – 7:55 a.m.  NPO in Labor: Are We Being Too Restrictive?
Manuel C. Vallejo, Jr., M.D., D.M.D.

7:55– 8:20 a.m.  PIB: Should We Use It for Labor Analgesia
Robert D’Angelo, M.D.

8:20 – 8:45 a.m.  The Role of CSE for Labor Analgesia
Jeffrey Berger, M.D., M.B.A.

8:45 – 9:00 a.m.  Panel Discussion

9:00 – 9:30 a.m.  Coffee Break

Program continued on next page
