

SOAP & OpenAnesthesia present:

OB Anesthesia Fellows Virtual Grand Rounds

Online
February
12th!

Pamela Flood, MD, MA

Professor of Anesthesiology
Stanford University, Department of
Anesthesiology, Pain and Perioperative
Medicine

How can we study Labor Pain?

Labor pain is simple to identify but difficult to describe. Women's experience and expectations are highly variable. I will discuss my rationale for developing time series models of pain across labor and findings from those studies.

Date/Time: Wednesday, February 12, 2014 at 12:00 PM PST/3:00 PM EST

Location: <https://global.gotomeeting.com/join/686109853>

Audio: Use your microphone and speakers (VoIP)
- a headset is recommended.

Or, dial (213) 493-0622

Access Code: 686-109-853

Audio PIN: Shown after joining the meeting

Meeting ID: 686-109-853
