Programs
President, Kybele, Inc. (www.kybeleworldwide.org)
Wake Forest School of Medicine

Improving Childbirth Safety Through Education, Partnership and Empowerment

1. Compare worldwide differences in maternal and newborn mortality.
2. Identify factors that contribute to mortality in health care settings in resource poor countries.
3. Discuss what has worked in one regional hospital in Ghana to improve obstetric anesthesia, maternal and newborn outcomes.

Articles for Discussion (PDFs attached if free on web):

Olufolabi AJ, et al. Teaching neuraxial anesthesia and OB care in a Ghanaian referral hospital. A&A 2015;120:1317-22.

Onuoha O, et al. The effects of resource improvement on decision-to-delivery times in a Ghanaian regional hospital. IJOA 2015;130:274-8.
