Non-Invasive Cardiac Output Monitoring

This lecture will give an overview of the different types of non-invasive cardiac output monitors available for use, and their potential uses in obstetric patients.

Articles for Discussion:

- Mehta Y, Arora D. Newer methods of cardiac output monitoring. World J Cardiology 2014;6:1022-9.
- Marik P. Noninvasive cardiac output monitors: a state of the art review. J Cardiothoracic & Vascular Anesthesia 2013;27:121-34.

Date/Time: Wed, July 13, 2016 at 12:00 PM PST/3:00 PM EST
