

# SOAP & OpenAnesthesia present:

## OB Anesthesia Fellows Virtual Grand Rounds

Online  
August 10  
2016

### Emily Dinges, MD

Assistant Professor of Anesthesiology  
Dept. of Anesthesiology & Pain Medicine  
University of Washington, Seattle

### Nitrous oxide for labor analgesia and considerations prior to institutional implementation

A review of the history of nitrous oxide for labor analgesia, efficacy and satisfaction data, safety profiles for all parties involved, and considerations prior to institutional implementation.

### Articles for Discussion (PDFs attached if free on web):

1. Likis FE, et al. Nitrous oxide for the management of labor pain: a systematic review. *Anesth Analg* 2014;118:153–67. *Recent and very thorough article on nitrous oxide for labor analgesia*
2. Mills GH, et al. Nitrous oxide exposure on the labour ward. *Int J Obstet Anesth* 1996;5:160–4. *Good article about occupational exposure*
3. Rooks JP. Safety and Risks of Nitrous Oxide Labor Analgesia: A Review. *Journal of Midwifery & Women's Health* 2011;56:557–65. *A midwifery article, important to see what the other side is saying*
