# Welcome to the SOAP 2019 Sol Shnider, M.D. Obstetric Anesthesia Meeting

On behalf of the leadership of the Society for Obstetric Anesthesia and Perinatology (SOAP), I would like to welcome you to the SOAP Sol Shnider 2019 Obstetric Anesthesia Meeting. This outstanding meeting has an extraordinarily rich history and an outstanding track record. The meeting was founded by Drs. Sol Shnider, Sam Hughes and Mark Rosen in 1976, and remains one of the premier refresher course programs for obstetric anesthesia in the world.

The goal for this meeting is to provide practical, high quality educational content for those who practice clinical obstetric anesthesia. We have carefully structured the program based on solicited feedback from practitioners and previous meeting attendees to cover all key aspects in the field of obstetric anesthesia in a clinically-focused program. The meeting presentations will be given by SOAP's best speakers and content experts, as well as accomplished obstetric anesthesiologists in the Bay Area.

I am proud to present what we hope for you will be a highly enriching program, a comprehensive update on current optimal practice, and a meaningful professional experience for all those that attend. I look forward to seeing and interacting with you at the SOAP Sol Shnider 2019 Obstetric Anesthesia Meeting.

Sincerely,

Brendan Carvalho MBBCh, FRCA  
Chair, Program Committee  
SOAP Sol Shnider 2019 Meeting

9:45 - 10:30 a.m.  
3:15 - 4:00 p.m.

## Learning Objectives

At the conclusion of this learning activity, the participant will be able to answer these questions:

- Apply the latest medical, surgical and pharmacological advances in obstetrical hemorrhage management
- Integrate cutting-edge neuraxial techniques including programmed intermittent epidural bolus (PIEB) and dural puncture epidural (DPE) to optimize labor analgesia
- List the recent publications that will most impact your obstetric anesthesia practice
- Construct and implement an enhanced recovery after surgery (ERAS) program for cesarean delivery
- Evaluate point of care ultrasound to enhance your obstetric anesthesia care
- Implement the latest pre-eclampsia management and care bundles
- Identify how to prevent and treat side effects of neuraxial opioids
- Distinguish how to manage pregnant patients with chronic pain and opioid addiction
- Apply best practice for the management of post-dural puncture headaches
- Recognize how to provide optimal anesthesia for non-obstetric surgery during pregnancy and postpartum tubal ligation

# Program Information

Jointly Provided by:

American Society of  
Anesthesiologists

## Mission of SOAP

The mission of this Society is to improve the pregnancy-related outcomes of women and neonates through the support of obstetric anesthesiology research, the provision of education to its members, other providers, and pregnant women, and the promotion of excellence in clinical anesthetic care.

## ACCME Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of *17 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

*Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of The American Board of Anesthesiology®*

*The Maintenance of Certification in Anesthesiology Program® logo is a trademark of the American Board of Anesthesiology.*

*This patient safety activity helps fulfill the patient safety CME requirement for Part II of the Maintenance of Certification in Anesthesiology Program (MOCA) of The American Board of Anesthesiology (ABA). Please consult the ABA website, [www.theABA.org](http://www.theABA.org), for a list of all MOCA requirements.*

## AANA Credits (Program offering Friday through Sunday)

This program has been prior approved by the American Association of Nurse Anesthetists for 17 Class A CE credits; Code Number 1036961; Expiration Date 3/17/2019.

## Hands-on Ultrasound for the Obstetric Anesthesia Provider: Cardiac Ultrasound, Hemodynamic Exam, Pulmonary Evaluation, Ultrasound Guided TAP Blocks & Neuraxial Techniques and Basic Fetal Ultrasound

This program has been prior approved by the American Association of Nurse Anesthetists for 4.00 Class A CE credits; Code Number 1036960; Expiration Date 3/14/2019.

The American Society of Anesthesiologists designates this live activity for a maximum of *4 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## CEP Number

Provider approved by the California Board of Registered Nursing, Provider #CEP16975, for 17 Contact Hours.

## Target Audience

This meeting is intended for specialists in anesthesiology to include anesthesiologists, nurse anesthetists, residents and fellows. Pediatricians, neonatologists, perinatologists, obstetricians, general practitioners, delivery room nurses, nurse midwives, and clinical pharmacologists may also find educational benefit. The program is generated from member requests and an assessment of need by the program committee. Attendance at this meeting does not guarantee competency or proficiency in the performance of any procedures which may be discussed or taught during the meeting.

## Educational Format

CME activities may include the following formats: plenary sessions, debates, lectures, problem-based learning, and skill-set workshops.

## Mission of SOAP Program Committee

The mission of the Society's Program Committee is to provide anesthesiologists, obstetricians, and other physicians and members of related allied health specialties with the knowledge that will reinforce past learning as well as disseminate new concepts, practices, and skills involving anesthesia and analgesia for the pregnant woman.

## Participation in the SOAP 2019 Sol Shnider, M.D. Obstetric Anesthesia Meeting

Attendance shall be open to all health practitioners, provided that they have registered for the meeting. CME credit will only be offered to M.D.s, D.O.s, and AAs or the equivalent. CE credit will be offered to CRNAs.

## Evaluations

Electronic evaluations by questionnaire will address program content, presentations, and possible bias.

## Special Needs Statement

The Society for Obstetric Anesthesia and Perinatology is committed to making its activities accessible to all individuals and fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If you are in need of an accommodation, please do not hesitate to call the SOAP office at 414-389-8611 and/or submit a description of your needs in writing to [soap@soap.org](mailto:soap@soap.org).

## Statement of Need

The SOAP Sol Shnider, M.D. Obstetric Anesthesia Meeting provides a forum devoted exclusively to obstetric anesthesia at which leaders in the field present recent clinical updates and other relevant clinical information.

## Commercial Support Acknowledgement

This activity is supported by educational grants. A complete list of supporters will be available in the course syllabus.

## Disclosure

The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the American Society of Anesthesiologists to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all American Society of Anesthesiologists activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.

## Disclaimer

The information provided at this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.

# Pre-Meeting Workshop

**Thursday, March 14, 2019**

SOAP is offering the Hands-on Ultrasound for the Obstetric Anesthesia Provider: Cardiac Ultrasound, Hemodynamic Exam, Pulmonary Evaluation, Ultrasound Guided TAP Blocks & Neuraxial Techniques and Basic Fetal Ultrasound Workshop the day before the full 2019 SOAP Sol Shnider, M.D. Obstetric Anesthesia Meeting begins.

*Meeting attendees are encouraged to register for these events early. Please note that registration for the workshops requires a separate, additional fee from the full SOAP 2019 Sol Shnider, M.D. Obstetric Anesthesia Meeting registration.*

## **Hands-on Ultrasound for the Obstetric Anesthesia Provider: Cardiac Ultrasound, Hemodynamic Exam, Pulmonary Evaluation, Ultrasound Guided TAP Blocks & Neuraxial Techniques and Basic Fetal Ultrasound**

### **Co-Directors:**

Kristine E. W. Breyer, MD and  
Lindsey Huddleston, MD, PhD

**(Limited to 30 participants)**

**1:00 p.m. – 5:00 p.m.**

**Additional Fee: \$325**

### **LOCATION**

Grand Hyatt Hotel

### **DESCRIPTION**

The purpose of this workshop is to provide the obstetric anesthesiologist with the necessary skills to successfully use ultrasound to guide clinical care. The course will discuss and demonstrate the use of ultrasound as an aid to evaluate cardiac function and intravascular volume status, to identify pneumothorax and pulmonary edema, to aid in neuraxial anesthesia and (TAP) transverse abdominis plane blocks for the parturient and also for basic fetal ultrasound (including evaluation of fetal heart rate and biophysical profile). Instruction includes both didactic and hands-on sessions. Each student will have the opportunity to use ultrasound equipment for scanning live models.

### **OBJECTIVES:**

Upon completion of this workshop, the participant will be able to:

1. Use ultrasound in the clinical assessment of normal and depressed cardiac function
2. Use ultrasound in the clinical assessment of pulmonary edema and pneumothorax
3. Use ultrasound in the clinical assessment of volume responsiveness to shock
4. Use ultrasound to facilitate neuraxial anesthesia techniques and to perform TAP blocks for the parturient
5. Understand basic fetal ultrasound to assess for fetal position and biophysical profile (including fetal heart rate)
