The Society for Obstetric Anesthesia and Perinatology (SOAP) was founded in 1968 to provide a forum for discussion of problems unique to the peripartum period. With over 1,500 members, SOAP is comprised of anesthesiologists, obstetricians, pediatricians, and basic scientists who share an interest in the care of the pregnant patient and the newborn.

The mission of this Society is to improve the pregnancy-related outcomes of women and neonates through the support of obstetric anesthesiology research, the provision of education to its members, other providers and pregnant women, and the promotion of excellence in clinical anesthetic care.

If your products and services relate to any of these or similar topics, or are targeted to anesthesiologists, obstetricians, neonatologists, CRNAs or basic scientists involved in obstetric anesthesiology and perinatology, you should plan now to exhibit at the largest events devoted exclusively to this highly specialized audience!

The SOAP 2019 Sol Shnider, M.D. Obstetric Anesthesia Meeting, which attracts over 300 participants, is recognized for its comprehensive program, and presenting information on new techniques and ideas that attendees can take home and immediately put to use in their practices. The CME and AANA approved educational program will draw the type of valuable prospects you want to meet in your exhibit.

This year’s 2019 Sol Shnider, M.D. Obstetric Anesthesia Meeting program will offer many opportunities to interact with experts in the field as participants attend sessions on the following topics: Chronic Pain and Opioid Addiction; Point of Care Ultrasound; Labor Analgesia Insertion Techniques; Labor Analgesia Maintenance Techniques; Alternatives to Neuraxial Analgesia; Cardiac Disease; Preeclampsia Management and Care Bundles; Management of Invasive Placental Disease; ERAS Protocols for Cesarean Delivery; Regional Blocks for Cesarean Delivery Analgesia; Spinal Hypotension; Uterotonic Administration; Management of Post-Partum Hemorrhage; Transfusion Practices for Obstetric Hemorrhage; Pharmacological Management of Obstetric Hemorrhage; Post-Partum Tubal Litigation; Management of Postpartum Headaches; and Peripartum Neurologic Complications.

The SOAP Annual Meeting, which attracts over 800 participants, is recognized for its dynamic program, quality research presentations and information on the latest advances in the practice of obstetric anesthesia. The information presented, and collaborative environment provided, enhances the attendees ability to care for patients and develop their practice. The CME approved educational program attracts the thought leaders in obstetric anesthesia. The exhibit area and schedule are designed to provide you time to have an impactful interaction with the annual meeting attendees.
