SOAP 52nd Annual Meeting

Raising the Standard For Each Woman Everywhere

May 13-17, 2020
Halifax Convention Centre
1650 Argyle St,
Halifax, Nova Scotia B3J 0E6
Canada

#SOAPAM2020

Register Today! Please visit www.soap.org
On behalf of the SOAP Board of Directors and 2020 Annual Meeting Program Committee, we are delighted to invite you to the Society for Obstetric Anesthesia and Perinatology (SOAP) 52nd Annual Meeting at the new and beautiful Halifax Convention Centre in Halifax, Nova Scotia, Canada from Wednesday, May 13, 2020 through Sunday, May 17, 2020.

Educational Program:
This meeting is dedicated to ‘Raising the Standard for Every Woman Everywhere’ bringing to you the latest techniques, guidelines and research from around the world.

We have officially integrated Sol Shnider Clinical Tracks into the SOAP Annual Meeting, which means that there are 15 clinical sessions featuring the latest and greatest updates in Obstetric Anesthesia. Each refresher course is 30 minutes, and some will be taking place in the General Session room.

The scientific program will start with the prestigious Gertie Marx Research Competition on Thursday morning, during which rising stars in obstetric anesthesia and the future champions in our field will be presenting their work – this session will be moderated by Dr. David Chestnut. Following this session, Dr. Luis Pacheco will be the guest speaker for the ‘SMFM What’s New in Obstetrics’ lecture, covering the latest updates on the use of TXA to prevent postpartum hemorrhage.

The 52nd Annual Meeting will also launch the 1st Joint ASRA/SOAP Panel at the SOAP Annual Meeting with a topic that should help alleviate some of the headache we face when one of our patients had an accidental dural puncture. A review of the literature on conventional approaches by Dr. Lisa Leffert and the role of the sphenopalatine ganglion block in managing post dural puncture headache by Dr. Samer Narouze will be discussed.

You asked and SOAP listened! The programming in Halifax also includes several clinical panels on topics that have not previously been discussed at SOAP meetings:

- Our role as Obstetric Anesthesiologists in the prevention of postpartum depression: The relationship between labor epidurals, acute pain during cesarean delivery and maternal mental health will be covered by a multidisciplinary panel of experts.
- Our various approaches to uterotonic use for prevention and management of postpartum hemorrhage: We have invited an international panel of 6 experts to share and discuss their practice – this will be a unique panel with surely a lively debate.

Saturday, May 16th will feature two of the SOAP Annual Meeting’s most anticipated lectures. Dr. Ron George will be reviewing the best and most relevant articles published in 2019 during the Gerard W. Ostheimer - What’s New In Obstetric Anesthesia lecture on Saturday morning. The afternoon General Session will include Dr. May Plan-Smith, who will be giving the prestigious Fred Hehre Lecture.

SOAP will be offering hands-on workshops in ultrasound applications and teaching. The workshops will be held on Wednesday afternoon, May 13th; Saturday afternoon, May 16th; and Sunday morning, May 17th. These workshops offer great opportunities for skill building at any level of training.

There will be two international symposiums offered on the morning of Sunday, May 17th. SOAP is pleased to welcome faculty from Belgium, Canada, France and Switzerland for the 1st SOAP Francophone Symposium and from Japan for the 3rd Japanese Society of Anesthesiologists (JSA) and SOAP Joint Symposium - Providing Safe Obstetric Anesthesia.

Networking:
Be sure that you don’t miss out on any opportunities to network with all of your SOAP colleagues!

The Welcome Reception on Wednesday evening will provide a proper welcome to Halifax featuring amazing cuisine and a picturesque view of downtown. We also hope that you will consider joining us for an exceptional SOAP Gala Dinner on Saturday evening. Upon arrival, you will be amazed and impressed by soaring aerial artists performing extraordinary acrobatics just above you. The Gala Dinner will feature a presentation from Kristen Terlizzi of the National Accreta Foundation. In 2014, Kristen spent two months postpartum in the hospital due to complications of placenta accreta. Kristen now shares her story to elevate the patient voice surrounding maternal mortality and morbidity. A DJ and Dance Party will follow, to which all are invited to join.

Location:
The capital city of Nova Scotia, Halifax has a rich maritime history, beautiful architecture and a magnificent coastline. It is a busy seaport and the economic hub of Eastern Canada. Halifax was originally inhabited by the First Nations people, the Mi’km’aq. The first European settlers to arrive in Halifax were the British in 1749, erecting the fortification at the center of Halifax, Citadel Hill. The outpost was named in honor of George Montague-Dunk, 2nd Earl of Halifax.

Halifax is a walking city, everything is in walking distance from our central location. Walk along the waterfront in downtown Halifax - Try strolling along the two-mile Harbor walk, which winds along the colorful waterfront. Start off at the Historic Properties, where three blocks-worth of warehouses and Victorian-era buildings dating back to the 1700s have been beautifully restored. This area houses some very popular dining spots including Lower Deck, Salt’s, and at the other end of the waterfront, The Bicycle Thief.

If you’re visiting Halifax for the first time, we suggest booking extra time for the trip and explore activities around the city and short road trips. Iconic places to consider include the fortress at Citadel Hill, built back in 1749 to protect the city, the star-shaped fort overlooks the harbor.

A visit to Nova Scotia would not be complete without a visit to Peggy’s Cove Lighthouse, one of Nova Scotia’s most visited attractions. The red and white lighthouse is still in operation today. The drive from the city to the community of Peggy’s Cove is along the scenic Lighthouse Route. Peggy’s Cove Lighthouse, one of the world’s most famous lighthouses, is one of Atlantic Canada’s most photographed structures.

Other fabulous add-ons to consider would be an excursion to St. John’s, Newfoundland. SOAP 2020 happens to coincide with “Iceberg Season”. Iceberg Alley stretches along the southeast coast of Newfoundland and late May is prime time to see natures enormous snowy works of art float by. Prefer the golfing green over snowy white, then try some of the premier golf courses. Nova Scotia is home to three courses in the Golf Digest Top 100 golf courses. Halifax is the best of both worlds, the perfect balance of city life and outdoor adventure on the edge of it all.

Between the amazing educational program and the spectacular destination - this is sure to be a meeting you will not want to miss. We look forward to welcoming you to Halifax in May!

Sincerely,

Ruthi Landau, M.D.

SAVE THE DATE
SOAP 53rd Annual Meeting
MAY 12-16, 2021
Sheraton
New Orleans Hotel
New Orleans, Louisiana
Mission Statement
The Society for Obstetric Anesthesia and Perinatology (SOAP) was founded in 1968 to provide a forum for discussion of problems unique to the peripartum period. SOAP is comprised of anesthesiologists, obstetricians, pediatricians, and basic scientists who share an interest in the care of the pregnant patient and the newborn.

The mission of this Society is to improve the pregnancy-related outcomes of women and neonates through the support of obstetric anesthesia research, the provision of education to its members, other providers, and pregnant women, and the promotion of excellence in clinical anesthetic care.

A membership in SOAP is an opportunity to meet people who share your interests, and to stimulate improvements in health care for pregnant patients.

ACCE Accreditation and Designation Statements
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 34.25 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

*This amount includes the optional workshops.

Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of The American Board of Anesthesiology®

The American Society of Anesthesiologists designates this live activity for a maximum of 34.25 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Statement of Need
The SOAP Annual Meeting provides a forum devoted exclusively to obstetric anesthesia at which leaders in the field present the most current research, recent clinical updates and other relevant clinical information.

Target Audience
The SOAP 52nd Annual Meeting is intended for anesthesiologists, obstetricians, neonatologists, obstetric medicine specialists, maternal-fetal medicine specialists, residents, fellows, medical students, Certified Registered Nurse Anesthetists (CRNA) and Certified Anesthesiologist Assistants (CAA). The Society supports the attendance by associate members in the educational sessions of the annual meeting. The program is generated from member requests and an assessment of need by the Program Committee. Attendance at this meeting does not guarantee competency or proficiency in the performance of any procedures which may be discussed or taught during the course.

Mission of SOAP Program Committee
The mission of the Society’s Program Committee is to provide anesthesiologists, obstetricians, and other physicians and members of related allied health specialties with the knowledge that will reinforce past learning as well as disseminate new concepts, practices, and skills involving anesthesia and analgesia for the pregnant woman.

Participation in the SOAP 52nd Annual Meeting
Attendance shall be open to all health practitioners, provided that they have registered for the meeting. CME credit will only be offered to M.D.s, D.O.s or equivalent.

PROGRAM INFORMATION

Educational Format
CME activities may include the following formats: plenary sessions, debates, lectures, poster discussions, oral abstracts, problem-based learning, and skill-set workshops.

Annual Meeting Objectives
At the completion of this conference, the participants should be able to:
1. Assess risk factors, racial disparities and maternal comorbidities to optimize peri-delivery anesthetic care;
2. Review treatment strategies for high-risk parturients and apply optimal neuraxial labor analgesia plans;
3. Understand latest evidence of novel regional anesthesia techniques and their impact on post-caesarean pain outcomes;
4. Design interdisciplinary team approaches for complex pregnant and postpartum patients in a variety of clinical settings;
5. Plan institutional resources and appropriate readiness to ensure safe maternal and perinatal care.

Special Needs Statement
The Society for Obstetric Anesthesia and Perinatology and the American Society of Anesthesiologists are committed to making its activities accessible to all individuals and fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If you are in need of an accommodation, please do not hesitate to call the SOAP office at (414) 389-8611 and/or submit a description of your needs in writing to info@soap.org.

Mothers Room
Attendees of the SOAP Annual Meeting will find the Mothers Room to be a private and comfortable environment in which to nurture their babies. Please contact info@soap.org for details.

Commercial Support Acknowledgement
This activity is supported by in-kind donations. A complete list of supporters will be available in the course syllabus.

Disclosure Policy
The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the American Society of Anesthesiologists to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science.

Through our review process, all American Society of Anesthesiologists CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.

Instructions on How to Receive Credit
In order to receive credit, participants must sign-in to the ASA Education Center, review the meeting information and complete the evaluation. Further instructions will be emailed to each participant immediately prior to and after the activity. The deadline to claim credit will be December 31, 2020.

Disclaimer Statement
The information provided at this accredited activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient’s medical condition.

Anti-Harassment Policy
To abide by our anti-harassment policy in all venues at the SOAP Annual Meeting, including ancillary events and official and unofficial social gatherings:

- Exercise consideration and respect in your speech and actions.
- Refrain from demeaning, discriminatory, or harassing behavior and speech.
- Be mindful of your surroundings and of your fellow participants.

Jointly provided by the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology
SESSION DESCRIPTIONS

This meeting is dedicated to
‘Raising the Standard for Every Woman Everywhere’
bringing to you the latest techniques, guidelines and research from around the world.

ASRA & SOAP Panel: Postdural Puncture Headache and Sphenopalatine Ganglion Block
Post-dural puncture headaches (PDPH) after neuraxial procedures in obstetric patients are associated with serious adverse postpartum complications. In this joint ASRA/SOAP panel, a review of the most recent literature on complications from PDPH and strategies to prevent and manage them (Dr. Lisa Leffert) will be followed by a critical review of indications, techniques and benefits of the sphenopalatine ganglion (SPG) block in this scenario (Dr. Saner Naroze).

This panel will guide our clinical management of one of the more serious and potentially devastating complications in obstetric anesthesia practice.

Best Basic Science Paper Session
In this new session, basic science and translational research will be presented. Presentations will be followed by Q&A and judged by a panel resulting in the Best Basic Science Paper of the meeting award. This competitive session will be moderated by Dr. Philippe Richebé and Dr. Arvind Paliashamy.

Best 10 Case Reports Panel
Shows how the best 10 case-reports, Dr. Klaus Kaer will be moderating this 90-minute interactive panel, where five clinical experts will be discussing the cases, and challenging the audience. Panelists are Dr. Katie Arendt, Dr. Laurent Bollag, Dr. Melissa Bauer, Dr. Lisa Leffert and Dr. Frederic Mercier.

This engaging panel will allow us to learn from each other how to manage the most challenging cases.

Best Clinical Paper Session
The Best Clinical Paper Session will be the opportunity to hear about the most innovative and impactful clinical research conducted in obstetric anesthesia worldwide. Presentations will be followed by Q&A, and judged by a panel resulting in the Best Clinical Paper of the meeting award. This highly competitive session will be moderated by Dr. Ruthi Landau.

Clinical Controversies: Use of Uterotonics & Tranexamic Acid
Use of uterotonics remains a controversial topic, despite a recent international consensus statement. We convened a panel of international experts, who will share with us ‘what they do and why’.

This dynamic 120-minute panel, will start with the obstetricians’ perspective (Dr. Malavika Prabhu), followed by ‘how we do it’ in the United States (Dr. Cynthia Wong and Dr. Lawrence Tsen), the Canadian approach (Dr. Mininali Baiki), the international consensus statement (Dr. Michael Heesen), and the Belgium approach (Dr. Yves Dewandre). The discussion promises to be dynamic and will be moderated by Dr. Brendan Carvalho.

Fred Hehre Lecture: Connecting with Intention: A Patient Safety and Clinician Resilience Strategy
There are many threats to the quality and safety of the care we provide our patients.

This lecture will include stories and data demonstrating how our deliberate and mindful practices can enhance the patient’s experience, minimize harm from errors and positively impact our learning, creativity and joy.

Gerard W. Ostheimer Lecture - What’s New in Obstetric Anesthesia?
Always a highlight of the meeting, the Gerard W. Ostheimer lecture is a review of important, relevant, and/or practice-changing literature related to obstetric anesthesia, obstetrics, perinatology, and allied medical disciplines that was published in calendar year 2019.

This year’s Ostheimer lecturer will be Dr. Ronald B. George, FRCP.

Gerard W. Ostheimer Lecture: What’s New in Obstetric Anesthesia?

Gertie Marx Research Competition
In memory of Gertie Marx, this session is a presentation of obstetric anesthesia research judged by peers as the best quality research done by medical students, residents, and fellows. This is a judged competition, moderated by Dr. David Chestnut.

Research Hour - Meet the Editors: How to Design & Publish Your Study
This year, we will have a 90-minute panel entitled ‘Meet the Editors: How to Design Your Study and Get It Published’, moderated by Dr. Brian Bateman. Five international editors from top anesthesia journals will share with us their perspective: (1) From an idea to the study; designing the study that will change clinical practice (Dr. Cynthia Wong), (2) How to choose the right study design and analyse the data (Dr. Tim Houle), (3) The value of an Editorial and how Anesthesia & Analgesia will chose your study (Dr. Jill Mhyre), (4) How to write your best case report and get it published (Dr. Carolyn Weiniger), and (5) New horizons for Obstetric Anesthesia (Dr. Michael Paech).

This panel will be inspiring and transformative and will guide us in translating our ideas into successful studies and impactful publications.

Mental Health Issues in Pregnancy & the Fourth Trimester
Maternal mental health issues and more specifically perinatal depression affects one in seven women. In this 90-minute panel, four aspects will be covered: (1) which screening versus diagnostic tools should be used in clinical practice and research (Dr. Tanya Tulipan), (2) the interaction between epidurals and postpartum depression (Dr. Grace Lim), (3) the association between post-caesarean pain and postpartum depression (Dr. Sharon Orbach-Zinger), and (4) how to untangle the data and understand the difference between interaction, association and causation (Dr. Tim Houle).

This interdisciplinary panel will further our understanding of this under-reported maternal complication and guide us in helping mothers who may be at risk for mental health issues in the 4th trimester.

Resident & Fellow Highlighted Abstracts
This evening session is designed to give our trainees an opportunity to participate in the Annual Meeting by presenting interesting cases from their home institutions. Come support our junior members during this exciting question and answer session regarding some challenging clinical scenarios.

SOAP Center of Excellence Workshop
Information forthcoming.

Society for Maternal-Fetal Medicine (SMFM) - What’s New in Obstetrics?
This year, the use of tranexamic acid (TXA) for prevention and management of postpartum hemorrhage will be presented (Dr. Luis Pacheco), with recent data from the TXA trial conducted by the Maternal-Fetal-Medicine Network. In addition, updates from the Amniotic Fluid Embolism (AFE) Foundation on their registry and available resources will be presented (Ms. Miranda Klassen).

This session will provide evidence-based approaches for the use of TXA and clinical and research updates on AFE.
SESSION DESCRIPTIONS

Sol Shnider, M.D., Clinical Track
We are delighted to have incorporated the Sol Shnider, M.D. Clinical Tracks into the Annual Meeting, on Friday and Saturday.

We are proposing 15 refresher course presentations focusing on clinical updates in obstetric anesthesia.

This new offering will allow obstetric anesthesiologists from academic and community hospitals to update their knowledge and adopt best practices.

These 30-min presentations by experts will cover the following topics:

**Airway Management in Pregnancy (May 15 at 2:30 p.m.)**
This lecture will discuss technological advances in airway management applicable to the obstetric airway. This will include the role of videolaryngoscopy, second generation supraglottic airway devices, high flow humidified nasal preoxygenation and airway ultrasonography in managing the obstetric airway. Recently developed guidelines and algorithms addressing the obstetric patient’s difficult airway management will be analyzed.

**Anesthesia and Breastfeeding (May 15 at 2:30 p.m.)**
Gone are the days of “pump and dump” after anesthesia. Current recommendations as well as the basic physiology of lactation medicine will be covered. Anesthesiologists can help support breastfeeding mothers.

**Converting Labor Analgesia to Cesarean Anesthesia (May 15 at 3:30 p.m.)**
This presentation will discuss the transition from labor to cesarean delivery, identifying situations that increase the risk of failure to provide anesthesia with an epidural catheter. The presentation will discuss techniques for successful transitions, as well as factors that increase the likelihood of failed conversion to anesthesia. Discussion will include what to do when the epidural catheter fails to provide anesthesia.

**Defining Value in Obstetrics: How You Can Partner with the Obstetricians and Hospital (May 15 at 5:00 p.m.)**
Demonstrating your value on Labor & Delivery is essential to negotiating favorable hospital contracts and getting what you need. This talk will describe how you can identify and present your value to your stakeholders so that they recognize your efforts.

**Enhanced Recovery After Cesarean (May 15 at 10:45 a.m.)**
Information forthcoming.

**Fetal Surgery (May 15 at 4:00 p.m.)**
Exciting advances in technology and surgical technique have brought the idea of in utero surgical repair of fetal congenital disease from the theoretical to a reality. This session will focus on various aspects of the anesthetic approach to fetal surgery cases including ethical concerns, impact of maternal and fetal physiology on care and the specifics of anesthetic choice.

**How to Avoid Pain During Cesarean Section (May 15 at 3:00 p.m.)**
Information forthcoming.

**Lessons Learned from Malpractice Consulting: What NOT to Do (May 15 at 4:30 p.m.)**
In this presentation, Dr. Smiley will very briefly describe the legal structure and procedures governing medical negligence cases in the United States, and then will spend most of the presentation discussing examples of cases form the more than 300 cases he has consulted on for defense and plaintiff, and the lessons one can learn from them to improve obstetric anesthesia practice and patient outcomes.

**Managing The Placenta Accreta (May 16 at 11:35 a.m.)**
Three panelists will propose tactics on how to manage women with placenta accreta. Women with placenta accreta spectrum disorders are at high risk for life-threatening hemorrhage during delivery. In this talk, we will discuss blood ordering before scheduled delivery, transfusion decision-making during active peripartum bleeding, point-of-care technologies for identifying coagulopathy, and prohemostatic drugs, specifically fibrinogen concentrate and tranexamic acid. This presentation will also focus on understanding risk factors for placenta accreta spectrum disorders, conducting suitable multidisciplinary preoperative planning and select suitable anesthesia strategies contingent with the assessed risk of hemorrhage.

**Opioid-Free Anesthesia (May 15 at 4:15 p.m.)**
Developments and finality of current Opioid Free Anesthesia will be reviewed. The impact of the practice on both short term and longer term outcome for the patients will be discussed (Opioid Free Anesthesia versus Opioid Based Anesthesia).

**Preeclampsia (May 15 at 10:15 a.m.)**
Information forthcoming.

**Use of Gastric Ultrasound in Obstetrics (May 15 at 2:00 p.m.)**
Pulmonary aspiration of gastric contents is one of the most feared complications related to obstetric general anesthesia. Second- and third-trimester pregnant women are traditionally considered to have a ‘full stomach’. Gastric ultrasound allows the assessment of the actual volume and nature of stomach contents, allowing an informed decision of the risk and hence aiding decision-making, with defining “full stomach” as either solid contents in the gastric antrum or calculated gastric fluid volume >1.5 ml.kg-1; otherwise the risk of aspiration may be considered low.

**Vasopressors and Tilt (May 15 at 3:45)**
A clinically oriented discussion of the latest evidence regarding perinatal vasopressors and maternal positioning to optimize maternal hemodynamics and uteroplacental blood flow.

INFORMATION CONCERNING SCIENTIFIC POSTER SESSIONS

During the 2020 Annual Meeting, your accepted abstracts will be displayed in 3 distinct formats:

1. **Plenary Oral Presentations** - Will be presented in this form abstracts accepted in the Gertie Marx Research Competition and the Best Paper of the meeting sessions. You will be asked to provide a VisualAbstract to help disseminate your findings on forums like social media.

2. **E-Poster Discussions** - Your research or most challenging case reports will be presented with the assistance of an electronic board, using a 5MinuteAbstract to convey key features of your research abstract or case, with a short discussion.

3. **Poster Boards** - Some of the research and most of the case reports will be displayed in this form throughout an entire day. We are inviting you to consider BetterPoster design.

Details for each of these opportunities to display your research, VisualAbstract, 5MinuteAbstract, and BetterPoster are outlined on the SOAP website.
SESSION DESCRIPTIONS

WEDNESDAY AFTERNOON OPTIONAL WORKSHOP

SOAP Education Committee Workshop: Teaching in the Modern Era

Additional Fee: $195 - Limited to 50 Attendees

Wednesday, May 13, 2020 • 1:00 p.m. - 5:00 p.m.

Course Director: Daniel Katz, M.D.

Faculty: Gillian Abir, M.B., Ch.B., FRCA; Elvera Baron, M.D., Ph.D.; Melissa Kreso, M.D.; Grant C. Lynde, M.D., M.B.A.; Bryan P. Mahoney, M.D.; Rebecca D. Minehart, M.D., M.Ed.; Heather C. Nixon, M.D.; Neeti Sadana, M.D.; Andrea J. Traynor, M.D.

In this workshop, we will discuss novel teaching modalities and concepts aimed at education for today’s learners including resident and attending level education. Participants will be provided blueprints on how to incorporate these modalities/techniques as well as participate in small groups to develop plans specific to their own institutions.

THURSDAY OPTIONAL FELLOW WORKSHOP (BY INVITATION ONLY)

Albert Einstein College of Medicine Hands-On Fellow Workshop:
The Role of Fascial Plane Blocks for Cesarean Delivery and Gynecologic Surgery

Thursday, May 14, 2020 • 11:15 a.m. - 12:45 p.m.

Speaker: Jeff Gadsden, M.D., FRCPC, FANZCA, Duke University Medical Center

This workshop is intended for anesthesia fellows who wish to improve their skills at performing fascial plane blocks transversus abdominis plane (TAP), quadratus lumborum (QL) for cesarean delivery and gynecologic surgery. The workshop will focus on the effective and safe use of liposomal bupivacaine in regional anesthetic techniques, including proper method of administration, admixing with bupivacaine HCl, appropriate volumes and concentrations of these local anesthetics, and tips and tricks on the perioperative management of patients who undergo these blocks. The format of the interactive workshop will include small participant-to-instructor ratio and a customized curriculum focused on developing hands-on skills.

THURSDAY OPTIONAL LUNCH SESSIONS

Lunch & Learn #1: Coordination of High Risk Patients

Non-CME Session

Additional Fee: $50 - Limited to 30 Attendees

Thursday, May 14, 2020 • 12:45 p.m. - 1:45 p.m.

(Lunch Included)

Speaker: Rachel M. Kacmar, M.D.

This session is designed for maximal attendee participation and group discussion. During this lunch-and-learn, we will discuss strategies and resources regarding the coordination of care of high-risk parturients. Specific topics may include antenatal consultation services, multidisciplinary rounds/ care conferences, communication regarding and tracking of high-risk patients, and possible risk-stratification for monitoring and nursing care. During the session, attendees will also receive evidence-based resources to assist in potential implementation of some of the above strategies at their home obstetric units.

Lunch & Learn #2: How to Improve Patient Safety & Clinical Excellence in Private Practice

Non-CME Session

Additional Fee: $50 - Limited to 30 Attendees

Thursday, May 14, 2020 • 12:45 p.m. - 1:45 p.m.

(Lunch Included)

Speaker: Greg Palleschi, M.D.; Adam J. Roseman, M.D.

This is an interactive session led by the leaders of two obstetric units at a major health system in the Northeast of the United States. The combined yearly delivery rate of these obstetric units is nearly 17,000. The directors of these units are members of a private anesthesia practice and among the many topics discussed will be the importance of practicing evidence-based medicine and how “buy-in” regarding best practice can be achieved from colleagues and administrators. The utility of a multi-disciplinary approach to advancing and achieving goals will be described. The importance of involvement in SOAP, the authority in setting practice standards in Obstetric Anesthesia, and how SOAP’s authority can be harnessed to effectuate positive change will be discussed. There will be a discussion as to what this all may mean to patient care as well as to the hospital/health system, and the anesthesia group to which you belong.

Lunch & Learn #3: Managing Patients with Psychological Trauma

Non-CME Session

Additional Fee: $50 - Limited to 30 Attendees

Thursday, May 14, 2020 • 12:45 p.m. - 1:45 p.m.

(Lunch Included)

Speaker: Tracey M. Vogel, M.D.

Some topics that will be covered include recognition and management of acute stress reactions, identification of patients in need of trauma-informed care, and interactive skill training to improve communication and shared decision making with patients.

Lunch & Learn #4: How to Manage the Cardiac Parturient

Non-CME Session

Additional Fee: $50 - Limited to 30 Attendees

Thursday, May 14, 2020 • 12:45 p.m. - 1:45 p.m.

(Lunch Included)

Speaker: Marie-Louise Meng, M.D.

Information forthcoming.
THURSDAY OPTIONAL LUNCH SESSIONS CONTINUED

Albert Einstein College of Medicine Sponsored Lunch Session: The Role of Fascial Plane Blocks for Cesarean Delivery and Gynecologic Surgery

(spaces is limited)

Thursday, May 14, 2020 • 12:45 p.m. - 1:45 p.m. (Lunch Included)

Speakers: Jeff Gadsden, M.D., FRCP & Shawna C. Willey, M.D., FACS

This 1-hour symposium is intended for anesthesiologists of all skill levels who wish to improve their knowledge related to fascial plane blocks of the abdomen (transversus abdominis plane (TAP), rectus sheath, quadratus lumborum (QL), & erector spinae plane block). The symposium focuses on ERAS clinical pathways and the relevant fascial plane block techniques that are used for both abdominopelvic surgery and cesarean delivery. The symposium will feature didactic component as well as state of the art 3D virtual cadaver imaging to enhance the understanding of the musculofascial anatomy.

Link for Attendees to Register: https://www.eeds.com/live/296425

FRIDAY OPTIONAL LUNCH SESSIONS

Lunch & Learn #1: The Intentional Career: How to Find and Pursue Your Best Path

Additional Fee: $50 - Limited to 30 Attendees

Friday, May 15, 2020 • 12:45 p.m. - 1:45 p.m. (Lunch Included)

Speakers: Jeanette R. Bauchat, M.D., M.S.; Robert R. Gaiser, M.D.; Daniel Katz, M.D.; May C.M. Pian-Smith, M.D., M.S.; Grace Shih, M.D.; Caitlin D. Sutton, M.D.

We all have opportunities and challenges at different stages of our careers, how do we balance career and personal priorities. Can we have it all?

A panel of your colleagues at different stages in their careers will present their stories. We will hear from them their strategies for advancing career, balancing their priorities and what they have learned along this journey. They will take questions from the participants and discuss their career challenges and possible options for achieving their goals.

Lunch & Learn #2: Setting Up Programmed Intermittent Epidural Boluses Modality

Additional Fee: $50 - Limited to 30 Attendees

Friday, May 15, 2020 • 12:45 p.m. - 1:45 p.m. (Lunch Included)

Speaker: Carlos M. Delgado, M.D.

This interactive session will summarize early evidence that supported the creation of PIEB as a labor analgesic modality and discuss current evidence for PIEB and the impact on anesthetic and obstetric outcomes. Different parameters affecting the implementation of PIEB will also be covered.

Lunch & Learn #3: Medication Management on the OB Floor - What You Must Do, What You Should Do and How to Do It

Additional Fee: $50 - Limited to 30 Attendees

Friday, May 15, 2020 • 12:45 p.m. - 1:45 p.m. (Lunch Included)

Moderator: Heather C. Nixon, M.D.

Speakers: Grant C. Lynde, M.D., M.B.A.; Feyce M. Peralta, M.D.

This interactive session will explore the various regulations and best practices regarding medication management on the labor and delivery floor. Participants will discuss policies regarding storage, labeling and handling of medications as well as pearls for creating a safe environment through design and culture.

Lunch & Learn #4: Establishing a Nitrous Oxide Service for your Labor & Delivery Unit

Additional Fee: $50 - Limited to 30 Attendees

Friday, May 15, 2020 • 12:45 p.m. - 1:45 p.m. (Lunch Included)

Speaker: Nicole Higgins, M.D.

This presentation will outline the process for introducing Nitrous Oxide analgesia in your Labor & Delivery unit, controlled by your anesthesiology department. The discussion will include institutional approval, policy and consent development, equipment purchase, billing and patient safety.

SATURDAY AFTERNOON OPTIONAL WORKSHOPS

Focused Cardiac Ultrasound in the Management of the High Risk Parturient Workshop

Additional Fee: $295 - Limited to 40 Attendees

Saturday, May 16, 2020 • 1:00 p.m. - 5:00 p.m.

Course Director: Laurie Chalifoux, M.D.

Specifically tailored to the anesthesiologist with little or no prior experience, this workshop consists of a short didactic session followed by a hands-on workshop with volunteers to familiarize the participant with the use of bedside transthoracic echocardiography to assess volume status and cardiac function.
SESSION DESCRIPTIONS

SUNDAY MORNING OPTIONAL WORKSHOPS AND SYMPOSIUMS

The 3rd Japanese Society of Anesthesiologists (JSA) & Society for Obstetric Anesthesia and Perinatology (SOAP) Joint Symposium
Complimentary with Full Annual Meeting Registration

Sunday, May 17, 2020 • 7:10 a.m. - 1:20 p.m.

Please note, this symposium will be conducted in English.

Hosted By: Yasuko Nagasaka, M.D., Ph.D., Japanese Society of Anesthesiologists (JSA); Ruthi Landau, M.D., Society for Obstetric Anesthesia and Perinatology (SOAP)

The Japanese Society of Anesthesiologists (JSA) & Society for Obstetric Anesthesia and Perinatology (SOAP) Joint Symposium Program is co-hosted by Prof. Yasuko Nagasaka (Tokyo, Japan) and Prof. Ruthi Landau (New York, U.S.).

It proposes to share information about current environments for labor and delivery worldwide and in Japan, to describe teaching curriculums in the U.S and around the world to train the next generations of obstetric anesthesia experts, and to acknowledge current initiatives and processes aiming to ensure maternal safety in the world.

It will be followed by Round-Table discussions to deepen our mutual understanding in five areas of obstetric care: (1) developing clinical excellence in obstetric anesthesia (staffing & resources), (2) managing peripartum hemorrhage, (3) developing data reporting systems on maternal morbidity and mortality, (4) crisis management for obstetric emergencies, and (5) managing postpartum pain.

The 1st SOAP Francophone Symposium
Complimentary with Full Annual Meeting Registration

Sunday, May 17, 2020 • 8:00 a.m. - 12:30 p.m.

Please note, this symposium will be conducted in French (no translation).

Course Directors: Ruthi Landau, M.D.; Frédéric Mercier, M.D., M.P.; Philippe Richeté, M.D.

Faculty: Dan Benhamou; Laurent A. Bollag, M.D.; Anne-Sophie Bouthors, M.D.; Lionel Bouvet; Chantal Crochêtière, M.D., FRCP; Pierre-Yves Dewandre; Guy Haller; Ruthi Landau, M.D.; Patricia M. Lavadhomme, M.D., Ph.D.; Anne Lavoie, M.D., FRCPC; Christian Loubert, M.D., FRCP; Frédéric Mercier, M.D.; Philippe Richeté, M.D., M.P.; Valérie Zaphiratos, M.D., M.Sc., FRFCPC

The Francophone Symposium is co-hosted by Prof. Frédéric Mercier (Paris, France), Prof. Philippe Richeté (Montréal, Canada) and Prof. Ruthi Landau (New York, U.S.).

After an opening keynote lecture on the opioid crisis in North America, four areas of obstetric anesthesia care will be discussed in panels comparing the latest approaches in Canada, France, Belgium and Switzerland to:

1. initiate neuraxial labor analgesia,
2. induce general anesthesia for cesarean delivery,
3. promote ERAS® and post-cesarean analgesia, and
4. select the optimal vasopressor for prevention of hypotension during cesarean delivery.

This will be the first symposium offering a platform aiming to compare and understand different approaches in clinical obstetric anesthesia practice, which will be discussed in French by 14 outstanding international experts.

The Use of Ultrasound in Obstetric Anesthesia Workshop:
Vascular Access/Lung, Neuraxial Anesthesia, TAP Block, Airway and Gastric Assessment
Additional Fee: $295 - Limited to 45 Attendees

Sunday, May 17, 2020 • 8:00 a.m. - 12:00 p.m.

Course Director: Jose C.A. Carvalho, M.D., Ph.D., FANZCA, FRFCPC

Our popular ultrasound workshop is back! This session consists of six mini-lectures followed by five stations for hands-on experience on human volunteers. This workshop will teach the participants ultrasound skills that may significantly impact their clinical practice. This year we are introducing the basic concepts of lung ultrasound, which will be part of the vascular access station. Furthermore, we are again including the station for airway assessment focusing on the identification of the cricothyroid membrane, which is critically important in patients with difficult airway landmarks.
**PROGRAM SCHEDULE**

**Wednesday, May 13, 2020**

10:00 a.m. – 6:30 p.m.
Registration Hours

12:45 p.m. - 1:45 p.m.
Lunch & Learn #1:
Speaker: Marie-Louise Meng, M.D.

**Thursday, May 14, 2020**

6:30 a.m. – 5:00 p.m.
Registration Hours

6:30 a.m. - 7:45 a.m.
Continental Breakfast & Exhibits Open

7:45 a.m. - 8:00 a.m.
Welcome to the 52nd Annual Meeting
Ruthi Landau, M.D.; Ronald B. George, M.D., FRCP; Lisa R. Leffert, M.D.

8:00 a.m. - 9:30 a.m.
Gertie Marx Research Competition
Moderator: David H. Chestnut, M.D.

9:30 a.m. - 9:45 a.m.
Distinguished Service Award
Recipient: Cynthia A. Wong, M.D.

9:45 a.m. - 10:15 a.m.
Coffee Break & Exhibits

10:15 a.m. - 11:05 a.m.
Society for Maternal-Fetal Medicine (SMFM) - What's New in Obstetrics?
Speaker: Luis D. Pacheco, M.D., D.O.

11:05 a.m. - 11:15 a.m.
Amniotic Fluid Embolism: The AFE Registry
Speaker: Miranda Klassen

11:15 a.m. - 12:45 p.m.
Poster Session #1 (Paper and e-Posters)

12:45 p.m. - 1:45 p.m.
Albert Einstein College of Medicine Hands-On Fellow Workshop: The Role of Fascial Plane Blocks for Cesarean Delivery and Gynecologic Surgery
By Invitation Only
Speaker: Jeff Gadsden, M.D., FRCP; FANZCA

2:00 p.m. - 3:30 p.m.
Mental Health Issues in Pregnancy & 4th Trimester
Moderator: Ronald B. George, M.D., FRCP

3:45 p.m. - 5:00 p.m.
ASRA & SOAP Panel: Postdural Puncture Headache and Sphenopalatine Ganglion Block
Moderator: Ruthi Landau, M.D.
Speakers: Lisa R. Leffert, M.D.; (SOAP); Saner Narouze, M.D., Ph.D. (ASRA)

5:30 p.m. - 7:00 p.m.
Resident & Fellow Highlighted Abstracts (e-Posters)
(By Invitation Only)

7:00 p.m. - 9:00 p.m.
Medical Student, Resident & Fellow Reception
(By Invitation Only)

**Friday, May 15, 2020**

6:30 a.m. – 5:30 p.m.
Registration Hours

6:30 a.m. - 7:45 a.m.
Continental Breakfast & Exhibits Open

6:30 a.m. - 7:45 a.m.
SOAP Annual Business Meeting

7:45 a.m. - 8:00 a.m.
American Society of Anesthesiologists (ASA) Update
Speaker: Mary Dale Peterson, M.D., FASA, ASA President

8:00 a.m. - 9:30 a.m.
Best Clinical Paper Session
Moderator: Ruthi Landau, M.D.

9:30 a.m. - 9:45 a.m.
SOAP Research Network & SOAP Endowment Fund Updates

10:15 a.m. - 11:15 a.m.
Best Basic Science Paper Session
Moderators: Philippe Richèbe, M.D., Ph.D.; Arvind Palanisamy, M.B., B.S., M.D., FRCA

10:15 a.m. - 11:15 a.m.
Sponsored Lunch Session: The Role of Fascial Plane Blocks for Cesarean Delivery and Gynecologic Surgery
Speakers: Jeff Gadsden, M.D., FRCP; FANZCA & Shawna C. Willey, M.D., FACS

11:15 a.m. - 12:45 p.m.
Poster Session #2 (Paper and e-Posters)

12:45 p.m. - 1:45 p.m.
Lunch & Learn #1:
The Intentional Career: How to Find and Pursue Your Best Path Panel
Speakers: Jeanette R. Bauchat, M.D., M.S.; Robert R. Gaiser, M.D.; Daniel Katz, M.D.; May C.M. Plan-Smith, M.D., M.S.; Grace Shih, M.D.; Caitlin D. Sutton, M.D.

12:45 p.m. - 1:45 p.m.
Lunch & Learn #2:
Setting Up Programmed Intermittent Epidural Boluses Modality
Speaker: Carlos M. Delgado, M.D.

12:45 p.m. - 1:45 p.m.
Lunch & Learn #3:
Medication Management on the OB Floor - What You Must Do, What You Should Do and How to Do It
Moderator: Heather C. Nixon, M.D.
Speakers: Grant C. Lynde, M.D., M.B.A.; Faye M. Peralta, M.D.

12:45 p.m. - 1:45 p.m.
Lunch & Learn #4:
Establishing a Nitrous Oxide Service for your Labor & Delivery Unit
Speaker: Nicole Higgins, M.D.

1:00 p.m. - 2:00 p.m.
SOAP Center of Excellence Workshop
Speakers: Brendan Carvalho, M.B., B.Ch., FRCA; Jill M. Mhyre, M.D.

2:00 p.m. - 3:30 p.m.
Research Hour - Meet the Editors:
How to Design & Publish Your Study
Moderator: Brian T. Bateman, M.D., M.Sc.
Panel: Timothy T. Houle, Ph.D.; Jill M. Mhyre M.D.; Michael J. Paech, M.B., B.S., FANZCA, FRCA, D.M.; Carolyn Weiniger, M.B., Ch.B.; Cynthia A. Wong, M.D.

Dr. Ruthi Landau & Dr. Yasuko Nagasaki
All meetings and events (unless noted otherwise) will take place at the beautiful, new Halifax Convention Centre.

**Halifax Convention Centre**  
1650 Argyle Street  
Halifax, Nova Scotia B3J 0E6  
Canada

SOAP has reserved sleeping rooms for the 52nd Annual Meeting at two spectacular hotels near the Halifax Convention Centre – The Sutton Place Halifax and The Prince George Hotel. Please see below for information concerning both properties and how to make reservations at each. If you have any questions, please contact Delaney Mielke, delaney@soap.org.

**The Sutton Place Halifax** (ROOM BLOCK IS SOLD OUT)  
(Headquarters Hotel, Approximate 1 Minute Walk to Halifax Convention Centre)  
1700 Grafton St.  
Halifax, Nova Scotia B3J 2C4  
Canada

Phone: 866-378-8866  
General Website: www.suttonplace.com  
Group Code: VC00511202

Guestrooms are available at The Sutton Place Halifax at a reduced rate of $295.00 CAD (plus fees and taxes). This room rate is guaranteed until April 20, 2020, or until the guestroom block is full. Reservations can be made at this reduced rate via the general website (above) or by phone. For those booking via the general website, you MUST click “Apply Code”, select “Group Code” and enter the Group Code above into the website in order for availability to appear. If you do not enter the Group Code, no availability will appear. Also, you may see (within The Sutton Place website), “STAYS STARTING 01 JULY 2020”, that is not valid for our group and you will be able to proceed with your reservation. The Sutton Place Halifax is a brand new property and operations are still achieving full capacity. Due to this, you may not receive an email confirmation for your reservation until April. It is very important that you document or screenshot your reservation confirmation number for future reference.

**The Prince George Hotel**  
(Approximate 3 Minutes Walk to the Halifax Convention Centre)  
1725 Market St.  
Halifax, Nova Scotia B3J 3N9  
Canada

Phone (Toll Free Reservations): 1-800-565-1567  
General Website: www.princegeorgehotel.com  
Reservation Website for SOAP: https://reservations.travelclick.com/13608?groupId=2264423

Guestrooms are available at The Prince George Hotel at a reduced rate of $289.00 CAD (plus fees and taxes). This room rate is guaranteed until April 13, 2020, or until the guestroom block is full. Reservations can be made at this reduced rate via the dedicated reservation website (above) or by phone. If making your reservation by phone, please reference the “SOAP 52nd Annual Meeting”.

**For Information about Halifax Stanfield International Airport, please visit:**  
https://halifaxstanfield.ca

**Passport Information**  
Passports are required for U.S. citizens. Foreign nationals should also have valid passports and required visas. For more information, visit Citizenship and Immigration Canada at: https://www.canada.ca/en/services/immigration-citizenship.html

**Immigration Information for Attendees**  
Depending on where you live, you will need to meet certain entry requirements to visit Canada. Detailed information on travel to Canada, including ETA and Visa information, can be found on the Citizenship and Immigration Canada Website at http://www.cic.gc.ca/english/visit/index.asp. US citizens do not require an ETA to come into Canada; they require their Passport. Green card holders, Student’s on Visa’s and All other countries will require an eTA. An eTA ($7 CAD) can be applied on your smartphone or computer. Most ETA applications are approved within minutes, but we recommend applying a few weeks before scheduled travel in case you need to provide additional documents (as is the case with some applicants). Visa applications can take much longer therefore we recommend beginning early.

**Time Zone**  
Atlantic Time Zone and observes Daylight Saving Time.

**Currency**  
Canadian Dollar. Major Credit Cards accepted in most establishments.
ATTENDEE & GUEST ACTIVITIES

Wednesday, May 13, 2020
6:00 p.m. - 9:00 p.m.
Welcome Reception
(Included in attendee and guest registration fees.)

Join us for the SOAP Opening Reception featuring a taste of Halifax in the new and spectacular Halifax Convention Centre. Soaring glass walls will showcase the downtown Halifax with its picturesque harbor and ocean front setting. Nova Scotia specialties including lobster, scallops, salmon and poutine will be served along with beverages featuring local wines and beer that will make every sip special. The Halifax Convention Centre guarantees that you will savor the flavor of Halifax with their locally sourced food and drink.

Saturday, May 16, 2020
6:00 a.m. - 7:00 a.m.
Candlelight Power Yoga with Dr. Melissa Bauer (limited to 45 attendees)

Come unleash your inner free spirit and practice yoga next to your colleagues as you increase your strength, balance, and flexibility! This invigorating practice will start with easy to follow flows (Sun salutations A, B, C), followed by strong holding postures, a few relaxing postures (Yin), and then final resting pose (Savasana). All levels of experience welcome, including beginners!

Saturday, May 16, 2020
6:30 p.m. - 11:00 p.m.
Gala Dinner
Fees: $150 per Attendee

Prepare for an evening of fun, food and entertainment. You will be welcomed by soaring aerial artists performing extraordinary acrobatics just above you. Enjoy the performance as you wander the space and taste the food of the award winning Culinary Chefs at the Halifax Convention Center. The main course will be a wonderful poached lobster dinner.

During the Gala, hear our very special guest speaker, Kristen Terlizzi of the National Accreta Foundation. In 2014, Kristen spent two months postpartum in the hospital due to complications of placenta accreta. Kristen now shares her story to elevate the patient voice surrounding maternal mortality and morbidity. She is passionate about utilizing patient storytelling as a tool to increase engagement in quality improvement initiatives, and she actively brings attention to efforts to safely reduce cesarean birth rates, placenta accreta and the patient experience of high risk obstetrics.

At 9:00 p.m., we are opening the dancing and DJ to all SOAP attendees (at no cost), we hope you will join the party!

SOAP GOLF OUTING

The 2020 SOAP Annual Meeting will allow for a once in a lifetime golf experience at Cabot Links. Cabot Links is in a remote location approximately a three hour drive north of Halifax and has two outstanding golf courses. We will be playing Cabot Cliffs on the morning of Tuesday, May 12, 2020 and Cabot Links that same afternoon. Of note, Cabot Links does not allow golf carts and all golfers will be expected to walk. Most golfers elect to have a caddy. If you are interested in participating, please e-mail Dr. Mike Hofkamp at rflums2004@hotmail.com by April 1, 2020 for more information.

SOAP FITNESS ACTIVITY

Saturday, May 16, 2020
6:00 a.m. - 7:00 a.m.
Candlelight Power Yoga with Dr. Melissa Bauer (limited to 45 attendees)

Come unleash your inner free spirit and practice yoga next to your colleagues as you increase your strength, balance, and flexibility! This invigorating practice will start with easy to follow flows (Sun salutations A, B, C), followed by strong holding postures, a few relaxing postures (Yin), and then final resting pose (Savasana). All levels of experience welcome, including beginners!

ANNUAL MEETING IS PAPERLESS

Printed documents will not be available at the meeting.

Documents will be available on the website should you wish to print them beforehand or to download them to an iPad or other tablet device before the meeting.

Making a meeting paperless yields the benefit of considerably reducing the cost and the carbon footprint of the meeting. A paperless meeting also makes it easier for meeting participants to locate and store documents and allows for faster preparation and distribution of conference materials.

To facilitate the paperless meeting, meeting attendees are requested to follow these suggestions:

- Meeting participants should bring their own computing devices - extra computers are not available for use during the meeting. Questions concerning rental of any computer equipment may be directed to the Halifax Convention Centre onsite AV provider, FMAV.
- Wireless internet is available in the meeting rooms. Power sources (power strips) will NOT be available in the meeting rooms. Please be sure your portable devices are fully charged before coming to the meeting, or print your documents in advance of the meeting.
- Each meeting participant should include a current e-mail address when completing the meeting registration form in order to be able to receive correspondence about the meeting materials.
RESTAURANTS & ACTIVITIES

RESTAURANTS

Nearby (<10 minute walk to HCC)
- The Old Apothecary - coffee and baked goods
- Elle's Bistro - diner, excellent brunch
- Mary's African Cuisine (GF) - West African cuisine, all day breakfast
- The Stubborn Goat Gastropub (GF) (V) - creative, locally-minded pub food
- Antojo Tacos + Tequila (V) - authentic Mexican restaurant and tequila bar
- Wooden Monkey (V) (GF) (V) - locally sourced, sustainable food, plenty of gluten-free and vegan options
- Gahan House (V) - locally sourced pub fare, craft beers
- Lot Six - casual fine dining, creative cocktails, oysters, multicultural dishes
- 2 Doors Down - seasonally inspired, elevated comfort food
- Morris East (V) - artisanal pizzas
- Le Bistro - casual fine dining, French inspired cuisine

A bit further (10-30 minute walk to HCC)
- Hali Deli (V) - Eastern European kosher food, breakfast and lunch hours only
- EnVie (V) - all vegan menu, plenty of gluten free options
- Bar Kismet (DO) - casual fine dining, dinner only; Canada’s 100 Best Restaurants 2019 (#15)

ACTIVITIES

Museums & Art:
- Citadel Hill National Historic Site
- Canadian Museum of Immigration at Pier 21
- Maritime Museum of the Atlantic
- Museum of Natural History
- The Discovery Centre

Local Points of Interest
- Halifax Central Library: newly designed public library with various activities and lectures offered as part of their programming, less than a 10 minute walk from HCC
- Freak Lunchbox: a candy shop with a wide variety of treats, less than a 10 minute walk from HCC

Shopping
- There are plenty of shopping options on Barrington Street, Argyle Street, and Spring Garden Road. All within a 10 minute walk of HCC.

Outdoors
- Waterfront Boardwalk: have a stroll along the harbour’s waterfront
- Halifax Commons: open public areas containing tennis courts, softball diamonds, a skate park, playground, outdoor swimming pool, large shallow splash pad, and plenty of wide open spaces

Public Gardens: less than 15 minute walk from HCC
- Point Pleasant Park: beautiful waterfront park with lots of walking trails, 10 minute cab ride from HCC or a 45 minute walk
- Peggy’s Cove: lighthouse with stunning ocean views, 50 minute drive from downtown Halifax

Local Tasting Tours
- Several options of walking food tours with knowledgable guides; localtastingtours.com

KEY:
- (V) = Vegan
- (GF) = Gluten Free
- (DO) = Dinner Only
- (K) = Kid Friendly
- (W) = Seafood

These icons identify our top recommendations only and do not mean other restaurants do not have vegan or gluten-free options.

HCC = Halifax Convention Centre
